Section C - Descriptions and Specifications

A SOW

"Technical Assistance to the Technology Capability Assessment Tool (TCAT) Program" Statement of Work (modified via 0002-06 and 0002-07)

The contractor shall provide the Technical Assistance to the Technology Capability Assessment Tool (TCAT) Program Manager. The contractor shall analyze, critique, and assess the adequacy, timeliness, and cost effectiveness of evolving work during its development, test and use. The contractor shall conduct studies, and provide concept system evaluation and related documentation to support the study results; provide independent analyses, simulations, technological assessments; and perform other related tasks in systems definition, experiments, technology demonstration, system development, and integration and execution. The contractor shall identify issues and shall formulate and provide alternatives for issue resolution. The contractor shall have experience supporting the DoD 5000-acquisition milestone review process and shall be knowledgeable of initiatives in the acquisition arena. The contractor shall provide support in the preparation and coordination of acquisition plans, strategies and other acquisition planning documentation to include documents to support milestone decision reviews**. Contractor shall support technical and programmatic related working groups, technical interchanges, meetings, training and conferences, as directed by the Task Order Monitor.** The contractor shall identify technologies developed or used during execution of this task and assist in transferring selected technologies to non-defense applications.
