

ACQUISITION ESTIMATE

Title of Action: C4ISR , Space, Missile Defense, and Transformational Communications, formerly COMETS

Incumbents:	Contract Numbers:
Femme Corp, Inc. (FCI)	W9126-08-D-0001
Linquest	W9126-08-D-0002
Summit Technical Solutions (STS)	W9126-08-D-0003

Contract Expiration Dates if all Options are Exercised: 30 Sep 2013

Name of Requiring Activity: SMDC-Colorado Springs formerly known as U.S. Army Space Command in Colorado Springs.

Description of Effort: The objective of COMETS is to provide scientific, engineering, integration, and technical services and operational support services under a multiple award, indefinite delivery / indefinite quantity (ID/IQ) performance, task order type contract. This Statement of Work (SOW) describes communications related efforts in which analytical, technical, operational, and programmatic services are required by the principal agencies involved to support the definition, planning, development, and execution of Department of Defense (DoD) C⁴ISR missions to include: development of tools and architectures, vision statements, and doctrine; program services to include planning, development, fielding, implementation, integration, installation, and documentation; modeling, simulation, and integration; technical services to define and exploit existing and future communications capabilities; rapid prototyping, limited fabrication, and limited procurement or production of communications systems; operational services; testing; training; independent verification and validation; integrated logistics services; programmatic services; and analysis of emerging technologies. The COMETS contract will be a Scientific, Engineering, and Technical Assistance (SETA) type contract vehicle. The scope of this effort will span the breadth of USASMDC's communications mission requirements.
