16. REMARKS The contractor shall submit a Task Order Management Plan (TOMP) for each awarded task order detailing its technical and management approach for accomplishing the task order objectives. The contractor's successful proposal will satisfy the requirements for the first submission of the TOMP. A revised TOMP will be required on as-needed basis in response to changes in scope, required resources, and/or task order ceiling revisions. The contractor shall submit revised TOMPs to the Contracting Officer within five (5) calendar days after receiving written notification from the Contracting Officer that a TOPM revision is required or after a task order modification is issued necessitating a revision to task order scope, resources, and/or ceiling values. The revised TOMP shall provide the contractor's detailed approach to accomplishing the requirements of the task order changes and will identify the contractor's overall estimate for completing the task. DID shall be tailored as follows: - Delete paragraphs 10.2.6 and 10.2.8.a., c., and d. - Revise paragraph 10.1.3, as these reports shall be submitted electronically (via e-mail), to delete requirements for binding and foldouts. - Revise 10.2.1 and 10.2.2 to require this information only as it is unique to the specific task order (i.e., do not included contract-level data/information). Submission of the revised TOMP in contractor format is acceptable. Additional distribution requirements will be specified in individual task orders.	SEE BLOCK 16

FOR THE CONTRACTOR

- Item 17.** Specify appropriate price group from one of the following groups of effort in developing estimated prices for each data item listed on the DD Form 1423.
- a. Group I. Definition - Data which is not otherwise essential to the contractor's performance of the primary contracted effort (production, development, testing, and administration) but which is required by DD Form 1423.
- Estimated Price - Costs to be included under Group I are those applicable to preparing and assembling the data item in conformance with Government requirements, and the administration and other expenses related to reproducing and delivering such data items to the Government.
- b. Group II. Definition - Data which is essential to the performance of the primary contracted effort but the contractor is required to perform additional work to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, or quality of the data item.
- Estimated Price - Costs to be included under Group II are those incurred over and above the cost of the essential data item without conforming to Government requirements, and the administrative and other expenses related to reproducing and delivering such data item to the Government.
- c. Group III. Definition - Data which the contractor must develop for his internal use in performance of the primary contracted effort and does not require any substantial change to conform to Government requirements with regard to depth of content, format, frequency of submittal, preparation, control, and quality of the data item.
- Estimated Price - Costs to be included under Group III are the administrative and other expenses related to reproducing and delivering such data item to the Government.
- d. Group IV. Definition - Data which is developed by the contractor as part of his normal operating procedures and his effort in supplying these data to the Government is minimal.
- Estimated Price - Group IV items should normally be shown on the DD Form 1423 at no cost.
- Item 18.** For each data item, enter an amount equal to that portion of the total price which is estimated to be attributable to the production or development for the Government of that item of data. These estimated data prices shall be developed only from those costs which will be incurred as a direct result of the requirement to supply the data, over and above those costs which would otherwise be incurred in performance of the contract if no data were required. The estimated data prices shall not include any amount for rights in data. The Government's right to use the data shall be governed by the pertinent provisions of the contract.
