Section C - Descriptions and Specifications

STATEMENT OF WORK

Missile Defense Data Center (MDDC) Support for Ground-based Midcourse Defense (GMD) System Test and Evaluation (T & E) Data Management

The GMD JPO System T & E Office is the Data Manager for all GMD Integrated Flight Test (IFT) and Integrated Ground Test (IGT), Risk Reduction, and OSC flight data. The MDDC serves as the central repository for the GMD JPO data products. The following is a detailed list of the MDDC's responsibilities to the Data Manager:

1. The MDDC has the overall responsibility for configuration management of the GMD mission data products.
2. The MDDC will distribute pre-mission and post-mission data products upon receipt as specified in the GMD IFT and IGT Data Management Plans (DMPs).
3. Upon receipt of GMD JPO data products, the MDDC will catalogue the data in an online database, verify the data for integrity, convert the data to the specified media format for distribution, analyze the data when required, and enter the data into the data storage system.
4. The MDDC will perform primary data distribution to the organizations that have been pre-approved in the DMP by the GMD Data Manager.
5. The MDDC will provide data products on the media and in the formats specified in the DMP.
6. The MDDC will receive User Data Requests from other Government Agencies and their contractors and subcontractors, verify their facility and personnel security clearances and need-to-know. The MDDC shall coordinate with the Data Manager for approval to produce and make secondary data distribution to these other Government Agencies or their contractors.
7. The MDDC shall produce and distribute GMD data products (Level 0 – Level 3) in custom data sets and formats on CD, 4mm or 8mm tape, VHS or SVHS video tapes, diskettes, etc. in the format desired by the requestor, after approval by the Data Manager. This effort shall include but not be limited to the following:
 - 7.1 Digitize analog telemetric data into a form that can easily be stored on a variety of digital media. This can involve digitizing legacy data currently stored on analog tapes to increase the life of the media.
 - 7.2 Provide consulting services concerning the content, integrity and interpretation of telemetry data.
 - 7.3 Provide a center for resources concerning telemetric techniques and the application of those techniques.
 - 7.4 Provide a center for information about specific telemetric data from specific programs.
 - 7.5 Provide for visualization of extracted telemetric data for the purpose of verification, comparisons and the creation of presentations.
8. The MDDC shall provide subject matter expertise to advise and support data users in accessing (locating), retrieving, analyzing and visualizing the data in the MDDC that are

potentially pertinent to the user's mission or objective. This support includes, but will not be limited to:

8.1 Advise users on existing data and as to the status of data in the MDDC.

8.2 Advise users as to the potential applicability of data and documents in the MDDC for the their particular mission.

8.3 Support and advise users with data analysis, reduction, and visualization in the MDDC.

8.4 Participate in the GMD Working Groups.

8.5 Modify or develop, and test computer, network, telemetry, and video hardware that is suitable for accepting, analyzing, copying, digitizing, storing, retrieving, processing, displaying, printing, and exchanging data and documents in the MDDC.

9. Contractor Competition Sensitive Data SHALL NOT be transmitted to individuals (Government or Contractors) unless they have: a) executed the proper non-disclosure statements, and b) received proper approval from the GMD JPO and the GMD Data Manager.

10. For post-mission efforts, the MDDC will provide the GMD Data Manager a weekly status of all data received by and transmitted from the MDDC.

11. The MDDC will archive all GMD data products for long-term storage. A backup copy will be made on long term media for off-site storage in case of natural or man-made disaster. The Data Manager will approve or disapprove of the off-site storage location.

PERIOD OF PERFORMANCE

29 July 2003 through 30 October 2003.
