Section C - Descriptions and Specifications

A SOW

“Ground Based Interceptor (GBI) Logistics Support” STATEMENT OF WORK

1.0 General: The contractor shall provide technical support to the GBI Logistics Team (GMK-I), Logistics Directorate (GMK). The areas to be supported include, but are not limited to: integrated logistics support, scheduling, resourcing, operational suitability, human systems integration (HSI), facilities, site activation, producibility and manufacturing, systems engineering, and acquisition logistics. The support shall include liaison activities between the GMD Logistics Directorate (GMK), the GBI integrated product team (IPT) (GMG) and the system prime contractor (PC). The contractor, as an extension of the GBI Logistics Team, shall review and evaluate pertinent documents, participate in appropriate meetings and reviews, and provide input to members of the GBI Logistics Team (and others in GMG and GMK) as required. In addition to the general support listed herein, the contractor shall provide specific technical assistance as follows:

1.1. The contractor shall support the development, validation and execution of the system PC's logistics program for GBI. The contractor shall support the planning for the System Training and HSI Program, the development of joint manpower estimates (JME's), and the Material Fielding Plan (MFP). The contractor shall monitor and assess the system PC's GBI HSI domain development and verification efforts to include any maintainability demonstrations with Test Bed equipment. The contractor shall support the development, validation, and execution of the GBI GFX component peculiar requirements for Block 04 Test Bed and development programs.

1.2 The contractor shall support preparations for assuming 2004 Test Bed activities through participation in the Site Development/Activation/Sustainment functions of the GMD organizations. The contractor shall maintain cognizance of all GBI PMO, GMD JPO and PC planning and activities for the Test Bed sites and shall advise the GBI Logistics Team Lead of any potential impacts (both positive and negative) to the fielding of the 2004 Test Bed and any follow-on activities for the GMD system. The contractor shall support milestone evaluations to determine readiness to move into the Test Bed phase. The contractor shall assist GMK, GMK-I, and the GBI PMO in transitioning from Site Development to Site Activation and, then, to Sustainment of the Test Bed equipment.

1.3 The contractor shall support preparations for the follow-on GBI booster, presently known as Alternate Booster Program (ABV). The contractor shall maintain cognizance of all GBI PMO, GMD JPO, and system PC planning and activities for the ABV. Specific effort required includes supporting the development, validation and execution of the system PC's HSI program for the ABV. Furthermore the contractor shall support the government's planning for the System Training and HSI of the ABV. In addition, the contractor shall assist with development of logistic supportability relative to the ABV.

1.4. The contractor shall provide Government Furnished Property/Facilities/Services (GFX) technical support to the GBI PMO. The contractor shall provide GFP analysis, reviews and reports, to include briefing material and meeting support. The contractor shall support the GMD JPO GFX Working Group with the GBI GFX status and updates. The contractor shall support the transfer of equipment from Other Government Agencies (OGAs) to the system PC. The contractor shall assist the Government with the formulation, coordination, validation and review of GFX documentation prepared by the system PC and other organizations, development of GFX budget and cost documentation, and inputs and changes to the GMD JPO Joint Master Schedule (JMS) for the GBI IPT GFX activities. The contractor shall support coordination of transportation services from the Air POE (Point of Entry) and Sea POE to USAKA, Test Bed sites, and other areas as designated for items being shipped by the system PC.
