“ANALYTIC AND TECHNICAL SUPPORT FOR THE PROJECT MANAGER, LOWER TIER” STATEMENT OF WORK

1.0 BACKGROUND: The Project Manager Lower Tier, under the guidance of the PEO-AMD, is responsible for the development, acquisition and fielding of Theater Air & Missile Defense (TAMD) systems that defend the lower tier of the TAMD architecture. Currently the program office is supporting and improving the PATRIOT air defense system with the Patriot Advanced Capability – 3 (PAC-3) as its latest version and is also the U.S. program office for

the Medium Extended Air Defense System (MEADS), an international cooperative initiative that will provide even greater air and missile defense capabilities than its predecessors.

2.0 OBJECTIVE: The objective of the task is to provide specialized analytical and technical support and strategic planning with respect to development, acquisition and fielding issues associated with the Lower Tier programs.

3.0 SCOPE:

3.1 Research, Analysis and Technical Support (Subtask 1) The contractor shall provide technical and acquisition system support of lower tier programs and their acquisition and tracking sensors, missile, launcher and communications sub-systems. This will include research and critical analyses of program requirements, technologies, acquisition, testing, fiscal impacts, and technical assistance with regard to issues and program plans including budgetary impacts to the overall system. This support will be conducted on-site at the Assistant Secretary of the Army, Acquisition, Logistics and Technology (ASA/ALT).

3.2 Strategic Planning Support (Subtask 2) The contractor shall provide the Program Manager strategic planning advice and recommendations as Lower Tier programs compete for priority and funding within the Department of Defense and Capitol Hill. This will include analyses of program funding requirements, identification of DoD and congressional issues and providing assessments and recommendations for solutions to the gaps and shortfalls in the emerging Lower Tier plans, budgets and acquisition strategy.

#### C POP

PERIOD OF PERFORMANCE: 21 Feb 03 – 30 Apr 05
