Section C - Descriptions and Specifications

STATEMENT OF WORK

“SETA Support to the HQDA G3/5/7, Future Warfighting Capabilities Division (██████) and the Army Requirements and Resourcing Board (AR2B)”

1.0 The contractor shall provide Systems Engineering and Technical Assistance (SETA) Support to the HQDA G3/5/7, Future Warfighting Capabilities Division ████████ and the Army Requirements and Resourcing Board (AR2B). This SETA support will be primarily, but not exclusively, in support of HQDA efforts in the planning, budgeting, coordination, integration, and mission execution of Army support to Combatant Commanders. However, tasks will be assigned and adjusted as required by changes in Army responsibilities, as the operational requirements for Army forces and capabilities in support of Combatant Commanders, Homeland Defense and the Global War On Terrorism (GWOT) mature or change. This SETA support will be primarily, but not exclusively, in the areas of:

1.1 Developing and coordinating validated Army G3/5/7 positions on Operational Needs Statements (ONS) submitted to HQDA from Major Army Commands

1.2 Developing and coordinating validated Army G3/5/7 positions on Joint and Army Initial, Development and Production Capability Documents as part of the Joint Capabilities Integration and Development System (JCIDS)

1.3 Managing and executing the Army's requirements approval process for senior leader validation and decision across all doctrine, organization, training, materiel, leader development, personnel, and facilities (DOTML-PF) domains

1.4 Developing and coordinating Army strategy, procedures and policies for providing responsive Army Title 10 support to the warfighting force, while continuing Army Transformation

1.5 Developing and coordinating actions from the AR2B focused on providing immediate solutions for the warfighter

1.6 Accelerating requirements to solutions to the warfighter primarily in the areas of GWOT, Army Transformation and Setting the Force, but also in Transforming Reserve Component Capabilities, Building the Future Force and Adapting the Institutional Army

1.7 Identifying near-term critical requirements and resourcing solutions, and assessing the long-term implications for the Army to support rapid decision-making on resource prioritization, reallocation and risk mitigation for the GWOT

2.0 The objective of this task order is to provide dedicated analytic, subject matter expert, and programmatic SETA support, to the Headquarters Department of the Army (HQDA) G3/5/7 and the AR2B as they accomplish operations and planning responsibilities for Department of the Army.

3.0 The contractor shall provide analytic, subject matter expertise and programmatic support to Army G3/5/7 and other agencies with emphasis on providing these general capabilities:

3.1 In-depth and integrated analysis and support to facilitate the processing of Operational Needs Statement (ONS) and Initial, Development and Production Capabilities Documents under JCIDS, to include coordinating with appropriated agencies to produce decision support packages, and presenting recommendations to senior Army leaders in appropriate decision forums

3.2 In-depth and integrated analysis and support to facilitate the processing and validation of Army requirements across all doctrine, organization, training, materiel, leader development, personnel, and facilities (DOTML-PF) domains, to include coordinating with appropriated agencies to produce decision support packages, and presenting recommendations to the Army Requirements Oversight Council (AROC)

3.3 In-depth and integrated analysis and support to facilitate the processing of requests for Army capabilities from MACOMs and Warfighting HQ, to include framing the issues, coordinating with appropriate agencies to conduct the analysis and produce decision support packages, coordinating the packages to obtain a recommendation, and presenting the recommendation to the Army Requirements and Resourcing Board (AR2B)

3.4 Coordinate and prepare the presentation of Army requirements/capabilities to the Army Requirements and Resourcing Board (AR2B)

3.5 Validation and prioritization of requests for Army capabilities, and identification of resourcing options

3.6 The above efforts are necessary to support HQDA G3/5/7. As directed, the contractor shall support other G3/5/7, ARSTAF, Army Secretariat, and Pentagon agencies as required to ensure the accomplishment of the Army G3/5/7's functions and responsibilities. This support may be required on-site at the Pentagon, other government locations (including Army, other Service, and joint installations and exercise/operational locations) and contractor locations in proximity to primary Government customer locations and activities.

4.0 Subtasks

4.1 Quick Response Support: Provide Army G3/5/7 and other customers with quick support for equipment and services as directed by the customer.

4.2 Planning, Integration, and Mission Execution. The contractor shall provide analytic, subject matter expert, and programmatic SETA support, in the areas of planning, integration, and mission execution, to HQDA G3/5/7 and other agencies, as directed. This support shall contribute to the development, coordination, approval, implementation, and integration of Army Title 10 support to warfighting forces and MACOMs.

4.2.1 The contractor shall conduct analysis and processing of Operational Needs Statement (ONS) and Initial, Development and Production Capabilities Documents under JCIDS, and develop appropriate recommendations.

4.2.2 The contractor shall provide analytic and graphics support to the development of decision support presentations to the AROC, Army Board of Directors, and other decision forums.

4.2.3 The contractor shall support execution and records maintenance of the Army Requirements Oversight Council (AROC), Army Board of Directors, and other similar forums

4.3 Support to Strategy, Procedures and policy. The contractor shall develop and coordinate Army strategy, procedures and policies for providing responsive Army title 10 support to the warfighting force, while continuing Army Transformation

4.3.1 Contractor support shall relate to the vertical and horizontal integration of plans, operations, programs, policies, and operational requirements within Army, joint force, and interagency structures

4.3.2 The contractor shall ensure actions support and are consistent with Army planning documents, such as The Army Plan and the Army Campaign Plan.

4.4 Support Action Plan Development: The contractor shall develop and coordinate actions for the AR2B focused on providing immediate solutions for the warfighter.

4.4.1 The contractor shall support validation and prioritization of requests for Army capabilities, and identification of resourcing options

4.4.2 The contractor shall conduct in-depth and integrated analysis and support to facilitate the processing of requests for Army capabilities from MACOMs and Warfighting HQ, to include framing the issues, coordinating with appropriate agencies to conduct the analysis and produce decision support packages, coordinating the packages to obtain a recommendation, and presenting the recommendation to the AR2B.

4.4.3 The contractor shall identify near-term critical requirements and resourcing solutions, and assessing the long-term implications for the Army to support rapid decision-making on resource prioritization, reallocation and risk mitigation for the GWOT

4.4.4 The contractor shall support execution and records maintenance of the Army Requirements and Resourcing Board's (AR2B) Council of Colonels, General Officer Steering Committees, and similar forums
