Section C - Descriptions and Specifications

A SOW

SECTION C Descriptions and Specifications

• Test Training and Exercise Capability (TTEC) Logistics Support, STATEMENT OF WORK

1.0 General – The contractor shall provide technical support to all aspects of the Ground-Based Midcourse Defense (GMD) System TTEC Program. The contractor shall assist the government with oversight and assessment of the execution of the GMD TTEC program. Oversight and assessment shall be focused on cost, schedule, and performance in the areas of engineering, analysis and integration, design and development; test, deployment, and sustainment. More specifically, the contractor shall assist with the evaluation of TTEC components: National Missile Defense (NMD) Embedded System Test and Exercise Capability System (NESTEC), Stand-alone NMD Test and Exercise System (SNTES) and NMD System Trainer (NST) builds as they are developed. In addition to the general support listed above, the contractor shall provide specific technical assistance as follows:

1.1 The contractor shall support the government's assessment of the system prime contractor Block 04 Test Bed Activation program. In addition, the contractor shall support the government with planning the Continued Development Option program. The contractor shall assist the government with the development of acquisition requirement specifications to be utilized for contract award of either the Block 04 Test Bed or the Continued Development Option.

1.2 The contractor shall assist the government with the development of documentation that facilitates execution of the GMD acquisition strategy. The contractor shall provide logistics representation and inputs to acquisition requirement packages as required, and shall support any subsequent evaluation of proposal documentation, if required. The contractor may not assist in proposal evaluation as advisors on Source Selection Evaluation Boards (SSEBs) unless the approval and documentation required by FAR 37.203(d) and 37.204 is obtained. The contractor may evaluate change order proposals, which does not fall within the parameters of FAR 37.203(d) and 37.204.

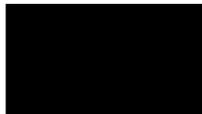

1.3. The contractor shall assist the government with the integration of all component logistics and support planning into GMD system plans. This support shall include participation in and/or facilitation of integrated product teams (IPTs) and Working Groups as directed by the technical monitor, review of element logistics and support plans, and coordination of all system level plans with element product offices. The contractor shall also assist the government with the execution of these plans to ensure that the GMD logistics concepts are preserved.
