Section C - Descriptions and Specifications

A SOW

## 1.1 THAAD Training Development and Integration Scope of Work

1.1.1 The contractor shall conduct a THAAD Training and Training Development Trade Study to evaluate and define best value approaches to Total System Life Cycle Training. The contractor will conduct a study that defines the necessary program management, systems management, systems engineering and training development management, to evaluate, plan and coordinate all strategic aspects of the THAAD Training Program to ensure it capitalizes Element capabilities.

1.1.2 The contractor shall provide support in the following areas: THAAD Element Training Development and design, training device integration, Ballistic Missile Defense System (BMDS) integration, Joint Theatre Air and Missile Defense Organization (JTAMDO) integration, USA Air Defense Artillery School (USAADASCH) integration, and develop a master integrated THAAD Training Schedule. Support and conduct a study and provide recommendations for life cycle training strategies to include an Operations Support Group with defined roles and responsibilities, and other system support efforts for the THAAD evolutionary acquisition and spiral development program.

1.1.3 The contractor shall develop and maintain a Master Integrated Training Strategy Schedule identifying key program activities, and shall depict integration of Government and Prime contractor activities, Missile Defense Agency (MDA) BMDS exercises, and software development and integration. Schedule shall identify all required activities to ensure critical actions and products are completed to meet requirements for the THAAD Program. Schedule shall be developed and maintained with objective to mitigate or minimize risks to the THAAD Program.

1.1.4 The contractor shall support the planning required to implement an integrated training program with the prime contractor, USAADASCH, and MDA exercises to include recommended facilities, personnel, and training devices. The contractor shall develop alternatives and provide recommendations to include timelines, defining roles and responsibilities, and develop the overall concept of operations for an integrated training program.

1.1.5 The contractor shall conduct reviews and/or develop acquisition documentation for emerging THAAD training requirements. The contractor shall provide training planning support for all THAAD Element, Component, and subsystems including roles and relationships with JTAMDO, MDA, USAADASCH and other THAAD training stakeholders. Additionally, the contractor will attend Integrated Product Team (IPT) meetings, coordination conferences and other meetings as required by the THAAD Logistics Directorate.

## 1.2 Interface With Other THAAD Contractors

1.2.1 The contractor shall interface, as required, with the THAAD prime contractor, Lockheed Martin Space Systems Company, and other SETA contractors in performance of this task order.
