# Thanks goes out to hospital staff

It is not very often in today's world that a situation occurs that gives everyone involved an opportunity to put aside their daily routines and bypass their bureaucracies in order to work together to accomplish something that is genuinely good and very important.

At 4 a.m. on Nov. 29 a fully-grown coconut tree fell on Laura Castellano's tent by the beach in Namu. Luckily, she was sleeping on her right side and her spine and chest area were not exposed. Nevertheless, her list of injuries was long and she was in critical condition. She suffered a bilateral fracture to her right thigh, a fracture to her left arm just below the elbow, a number of fractures to her right cheek bone, a ruptured bladder and numerous fractures to her pelvis.

At about 7 a.m., we finally contacted Majuro via radio and managed to start making preparations for Laura to be medevaced to Kwajalein. At noon, an Air Marshall Islands plane arrived with a doctor to transport us to Kwajalein. It had been a very long eight-hour wait.

Kwajalein hospital determined that the extent of Laura's injuries was such that they would not operate on her there as she required facilities that were not available to them. The Kwajalein hospital staff stabilized her by giving her two units of blood, putting her leg in traction, installing a catheter, applying an external pelvic brace and giving her oxygen and intravenous fluids, antibiotics and painkillers. She was monitored very closely and received excellent care.

After two and a half days of intense preparation, we left Kwajalein on Continental's Wednesday evening flight accompanied by a Kwajalein doctor and nurse.

I spent many hours with this amazing young woman during her traumatic experience and am in awe of her courage and strength. Several medical personnel at Queen's told me that many women have complained that a leg fracture such as Laura's is more painful than childbirth. Laura lived with that pain, in addition to her other injuries, for six days waiting for an operation!

At the time of writing, Laura is home in Italy with her family. She took her first steps without crutches two weeks ago and has had the caval filter removed from her vena cava. She still has an enormous amount of work to do to get back to her former athletic self but she has a rigorous exercise program and I have no doubt that she will succeed.

In fear of forgetting someone, I do not want to list individually all the people involved and whose kindness and resourcefulness made it possible to achieve what we did. Suffice to say, we

asked a number of difficult questions and never once received the answer "no." I do want everyone on Kwajalein to know that Laura and her family and friends all recognize and appreciate what you did for her very much.

# Tsunami victims need more help

On Dec. 26, as Kwaj continued holidaying unaware, the most devastating natural disaster in a century was wreaking havoc five time zones away. In mere moments, island and lowland populations were scoured off their tranquil beaches by the tsunami resulting from an earthquake off the coast of Sumatra. By the time we went home to our televisions that evening, reports of fatalities were already surpassing 5,000. Never before has a disaster of such magnitude been so well documented.

Many of us on this tiny island of minimal elevation, surrounded by the vast Pacific, received frantic calls and e-mails from the geographically unaware, asking if we had been affected or worse...obliterated. Luckily, our topography makes it unlikely for Kwaj to be vulnerable to tsunamis.

Many of us have made individual donations to relief services immediately on-the-ground providing water, shelter, food and medical care. However, large checks require less overhead and make money go a lot further than many small ones. The region will continue to need new infrastructures, homes, schools, child care, medical facilities, agricultural restoration, cooking supplies, house wares and clothing. My gratitude goes to the George Seitz Elementary school students who raised \$12,491.07 for the Red Cross International Relief Fund.

Today is the close-out for children attending the Protestant Christian Education Department Sunday School to donate funds to World Vision. For more information on that see their Web site at [www.worldvision.org](http://www.worldvision.org).

The National Honor Society Variety Show 2005 will be Feb. 26. All proceeds will go to C.A.R.E. Watch for ticket sales on Macy's porch. For more information on C.A.R.E. see their Web site at [www.careusa.org](http://www.careusa.org).

It is a privilege to be a part of such a generous and compassionate community.

**Sincerely,  
Kate Feldman**

Whether on the screen or in real life, love stories capture the hearts and imaginations of romantics everywhere. The boy meets girl, boy loses girl, boy finds girl again stories give audiences that warm, fuzzy feeling that “all is right with the world,”...at least for that moment in time.

The great romantic comedies and dramas on the silver screen are infamous in American pop culture: “Roman Holiday,” “Casablanca,” “Annie Hall,” and “Princess Bride” to name a few. But they are after all, still fiction.

Real love stories, the ones retold over coffee with the girls or over poker with the guys are the ones that really make the tears well up and the heart sigh. There are a few such stories right here on Kwajalein.

Anita Raymond met her husband Harry in 1967 at the gate to an Army post where he was the gate guard, and she was a flirtatious young teen trying to “sweet talk” her way on post to “cruise around.”

After batting her eyes for 30 minutes or so in an effort to gain entry, she did turn around after the young MP “threatened to flatten my tires with his pistol, if I didn’t,” recalled Anita, assistant manager for Ten-Ten.

“I didn’t see him again until July 4, 1967, on a hayride,” Anita said. “We sat next to each other, but we were both with someone else. We talked to each other through the hayride. I knew who he was but didn’t think he knew me,” she said. “He remembered.”

After that, the couple dated and was engaged on her birthday in September 1967, and married a month later.

Some 38 years later, the couple has two sons, a daughter and eight grandchildren.

The moral of this story, Anita said, “The MP wasn’t so dumb after all. She who flirts catches the MP, is blessed, and eats out of his hand the rest of her life and loves every minute of it.”

Harry, a field telemetry engineer for KRS, and

Anita are on their second tour of Kwajalein for a total of 10 years on the atoll.

“We are living on a secluded island paradise where the sunsets are the most beautiful...and are truly blessed.”

Pete and Jo

Bolen became soul mates in 1989, according to Jo, after each suffered difficult divorces. The two worked together at the same laboratory, and really had not gotten along that well until “our mutual misery,” she explained.

The two commiserated over their experiences. A strong friendship emerged, and an even greater love bonded each to the other.

That Christmas, Jo and Pete each had young boys to whom they desperately wanted to give a joyful Christmas, even though the finances for such gifts was nonexistent.

“Neither of us knew how we could pull Christmas off for our kids under the circumstances,” Jo explained. “One day Pete suggested we both go together to a nearby large city to Toys R Us. We spent a Saturday together, just

## Our Ebeye neighbors celebrate Kwajalein Atoll Memorial Day

By Mig Owens  
Assistant Editor

A sea of colors flooded Ebeye's streets Wednesday as children wearing uniforms indicative of their school affiliation joined in a parade commemorating Kwajalein Atoll Memorial Day.

To the beat of the Kwajalein Junior/Senior High School marching band, dignitaries from the Republic of the Marshall Islands national government, United States Army Kwajalein Atoll, including COL Beverly Stipe, USAKA commander, and the Republic of China led the parade past Triple J onto the grounds adjacent the boat dock.

The honored guests then retreated under a tent set atop a concrete stage overlooking the action to watch as ornate floats displayed creativity of design and payload; some featuring skits, song and dance.

Floats represented all of the island's schools, including Queen of Peace, Calvary/Assembly of God, Seventh-Day Adventist, Jabro Private, Ebeye Christian, and Ebeye Public and the new Ebeye Public High School. Also participating with floats were Ebeye Health Services, RMI National Police, Workforce Investment Act and Headstart.

Master of ceremonies for the celebration was Marok Lalimo, a grandfathered RMI worker of 39 years who works in the Work Control department and goes by the name "Speedy," according to Mary-

anne Lane, Host Nation officer.

The Marshall Islands, American and Kwajalein Atoll flags were raised by the Kwajalein Atoll Honor Guard. Both the marching band and the Good News Choir from Ebeye United Church of Christ provided the music for the flag-raising ceremony.

An invocation was given by Assistant Pastor Danny Jitiam on behalf of Ebeye United Church of Christ. Opening remarks were provided by Michael Kabua, a Kwajalein Atoll iroij and senator from Kwajalein Atoll.

Speakers then took to the microphone as a light breeze kicked up dust on the parade grounds. Students found shade from the sun under a series of tents opposite the stage.

Deputy Chief Secretary's Representative on Ebeye, Ataji Balos, spoke on behalf of RMI President, Kessai Note, and Deputy Chief of Mission, Tom Praster, spoke on behalf of U.S. Ambassador to the RMI, Greta Morris. Iroij Christopher Loek spoke on behalf of his brother, Irojlaplap Anjua Loek.

According to Lane, there were approximately seven senators as well as several mayors from other atolls also in attendance. Assembly of God Pastor Rev. Kauru Kaious concluded with the benediction.

Float judges gave the day's highest score to the Queen of Peace Elementary School float, which depicted Marshallese representatives meeting with those from the U.S. Congress.

"After attending many Liberation Day (now called Memorial Day) celebrations on Ebeye, this was a first," Lane said. "Seeing the children on the Queen of Peace Elementary School float dressed up in suits, making speeches and guarded by pretend Secret Service agents was the highlight of the day."

# Valentine options varied on Kwajalein

Heart-shaped boxes of chocolates, beautifully wrapped long-stem roses, a romantic candle-lit dinner, and poetic verse printed on special cards oftentimes symbolize one's love and affection to another on Valentine's Day, February 14.

The day was originally remembered for the Martyred Saint Valentine. He was beheaded for secretly marrying couples in the 14th Century despite the Roman emperor's decree forbidding new marriages. The day grew into one of the biggest and most widely practiced holidays in the world. And Kwajalein romantics are no different.

In preparation for Valentine gift-giving, Macy's West imported more than 2,500 long-stemmed roses, 100 dozen wrapped as bouquets, 80 dozen foil-boxed bouquets, and another 300 single-stem roses. Additionally, another 100 or so tropical bouquets, arrangements, and potted plants also arrived as Valentine shopping options, according to store Manager David Fearon.

The shipment arrived early Thursday afternoon, just in time for the advertised 4:30 p.m. sale time, when more than a dozen men, flowers in hand, stood in any of the four lines awaiting a cashier.

"Three hundred fifty purchases were made Thursday," Fearon explained. "This is an incredible volume for us," he added, explaining a normal day tabs about 100 purchases, making Thursday's sales up nearly four-fold.

California produces 60 percent of American roses, but the vast number sold on Valentine's Day in the United States are imported, mostly from South America. Approximately 110 million roses, the majority red, will be sold and delivered within a three-day time period.

Statistically, 73 percent of people who buy flowers for Valentine's Day are men, while only 27 percent are women. And 15 percent of women send themselves flowers, according to the National Florist Association.

At Macy's, sales are up in the jewelry and gift departments, according to Jill Schoeneck, store manager.

Knowing Valentine's Day is a big gift-giving holiday, Macy's advertised a 20 percent-off sale for jewelry, gift items, glassware and more, hoping to offer customers great prices and selection for their sweethearts.

To many, Valentine's Day means chocolate and lots of it. Thanks to Richard Cadbury who invented the first Valentine's Day candy box in the late 1800's.

According to U.S. candy manufacturers, Americans spend more than \$1.2 billion each Valentine's Day on candy. Perhaps the single most given gift for Valentine's day is that of chocolate, however. The Chocolate Manufacturer's Association of America, reports 36 million boxes of chocolate are sold for Valentine's Day.

Kwajalein's convenience store, Ten-Ten, not only stocked up on gift chocolate, but also on Valentine cards, which are popular gifts in and of themselves.

Historians claim that the first valentine was a poem sent in 1415 by Charles, Duke of Orleans, to his wife. He was imprisoned in the Tower of London at the time.

In the United States, Esther Howland is given credit for sending the first Valentine's Day cards in the late 1840's.

Second only to Christmas, Valentine's Day brings out the card-giver in people, with an average of 1.1 billion cards purchased every year. Hallmark has over 1300 different cards specifically for Valentine's Day.

Seventy-five percent of all Americans exchange Valentine's Day cards. In order of popularity, Valentine's Day cards are given to teachers, children, mothers, wives, and sweethearts.

Today Valentine's Day is celebrated in the United States, Mexico, Canada, the United Kingdom, France and Australia.

## Love, from Page 3

the two of us, shopping for BB guns and other surprises. But the biggest surprise was a relationship that blossomed. "We have been together from that point on," she said.

The two joke how they were married by an off-season photographer, two years later, who also took their wedding photo, "one of those Old West photos," Jo mused.

The two have been married 13 years having raised two wonderful boys.

Penni Pierson, a software engineer with KRS, and husband Tim, an Inventory Control specialist with KRS, had one of those on-again, off-again, on-again relationships that was more on-again when each was visiting home for the summers.

Penni said she met Tim in high school when he was dating her best friend. From there, she went on to college and he to the Navy.

"When we were home for the summer, we'd get together, then we wouldn't see each other maybe 'til the next year," she said.

Tim, however, was persistent,

Penni said. After college, she took a job in her home town of Greensboro, North Carolina.

"Tim kept calling, but I wouldn't call him back," she said of her reluctance to continue in a seemingly summer romance. "One day I did call back, and we started going out again. This time it stuck for some reason."

Though they knew each other for more than ten years, they kept coming back to each other, Penni explained. And they have never doubted they were meant to be together.

# Range operation scheduled for Sunday

A range operation is scheduled for Sunday. Caution times are from 2:01 p.m. through 11:16 p.m. in conjunction with this operation. A caution area will exist within the Kwajalein Atoll. The caution area is bounded on the north by Boked Island on the east reef and Yabbernohr Island on the west reef. On the south, the area is bounded by a line drawn north of Bigej Island on the east reef to a point at latitude 08 54.2N, longitude 167 45.8E, then to a point at latitude 08 52.8N, longitude 167 45.8E, and then to a point north of the high tide mark on Ninni Island on the west reef. Bigej Island and the water surrounding Bigej are off limits for this mission. An additional caution area extending from the Kwajalein atoll north into the broad ocean area is defined in the map below.

In order to ensure clearance of non-mission support personnel from the mid-atoll corridor by the window opening time, Kwajalein Police Department island clearance procedures will begin at approximately 7:30 a.m. on Thursday

and continue until evacuation has been accomplished. Egress of all air and sea craft will be required when requested by authorized clearance personnel. Subsequent to lagoon clearance, the hazard area will be in effect until mission completion.

In conjunction with this operation, a Kwajalein-met rocket is scheduled as soon as possible after the launch from Meck Island on Sunday. The caution areas are identified on maps below.

In the event of a mission slip, the caution times and areas will be in effect:

- 2:01 – 11:16 p.m., Monday
- 2:01 – 11:16 p.m., Tuesday
- 2:01 – 11:16 p.m., Wednesday
- 2:01 – 11:16 p.m., Thursday

Questions regarding safety requirements for the mission should be directed to the Command Safety Office, Range Safety officer at 51910.

**I Heart Huckabees (R)**, Bernard (Dustin Hoffman) and Vivian (Lily Tomlin) Jaffe are a married couple who run an existential detective agency where they sift through the lives of their clients in order to discover the source of their angst. The Jaffes' latest client is Albert Markovski (Jason Schwartzman), an environmental activist who has a very large rock and a great deal on his mind; their study of Albert's problems lead Bernard and Vivian to Brad Stand (Jude Law), a public relations executive with a chain of successful variety stores, Huckabees. While publicly allying himself with Albert's environmental initiatives, behind the scenes Brad is running roughshod over responsible land management with little care for the consequences. When Brad learns he's being watched by the Jaffes, he hopes to co-opt them by hiring them himself; however, the plan has unexpected consequences when their questioning leads Brad's girlfriend, well-scrubbed model Dawn (Naomi Watts), into reassessing her life and relationships. Meanwhile, Albert finds himself joining forces with Tommy (Mark Wahlberg), a firefighter and fellow environmentalist who has been having second thoughts about Bernard and Vivian's ideas and methods after a long-term investigation and has since fallen under the spell of nihilist poet and philosopher Catherine Vauban (Isabelle Huppert).

**Cellular (PG-13)**, A thin thread of electronic data may be the only thing that can save a woman and her family in this thriller. Jessica Martin (Kim Basinger) is a biology teacher who is kidnapped by Greer (Jason Statham), a vicious criminal who has threatened to murder her husband and son if he doesn't get what he wants. Greer destroys the only working telephone in the cabin where she's held, but Jessica manages to put enough of the pieces together to send out a call that's picked up by Ryan (Chris Evans), a college student, on his cellular phone. Jessica manages to convince Ryan of the gravity of her situation, but she has no idea of where she's being held, leaving his cell phone as the only link to her whereabouts — and his batteries are starting to wear out.

**When A Man Loves A Woman (R)**, A dramatic treatment of a family torn apart by alcoholism and recovering from it. (Meg Ryan), plays Alice Green, a school counselor who has a serious drinking problem. Her husband is Michael (Andy Garcia), an airline pilot. Though she's lighthearted and loving, Alice is often reckless and, when drunk, even neglects her children, nine-year-old daughter Jess (Tina Majorino) and four-year-old daughter Casey (Mae Whitman). Alice realizes that she has "hit bottom" and goes into a clinic for rehab. When she returns home, she has kicked her addiction and has become independent and strong, and her perfectionist, controlling husband has trouble adjusting. Michael is used to his wife being weak and helpless, and they end up seeing a marriage counselor to recover from Michael's "co-dependency" on Alice's role as an alcoholic.

# Community bank opens Tuesday

By Nell M. Drumheller

The Community Bank, a subsidiary of Bank of America, will open Tuesday on Kwajalein.

The Kwajalein Atoll banking center will be open for business in the former Bank of Guam location. The hours of operation will be 9 a.m. – 3 p.m., Tuesday-Friday, and 9 a.m. – 5 p.m., Saturdays and paydays. Three ATMs will be installed for customer convenience; one will be located at the banking center, a second at the Kwajalein Lodge and the third ATM will be installed in the Ten-Ten Store.

“With the initial opening of Community Bank, there will not be a satellite operation on Roi-Namur,” Gerry Wolf, chief, Community Activities, U.S. Army Kwajalein Atoll said. Wolf is also the USAKA Bank liaison officer.

“The command has requested this service, and Defense Finance and Accounting Service will visit Roi-Namur in late February to assess the facility and needs prior to establishing the service there. We look forward to the same positive improvements on Roi-Namur as we will experience with the Community Bank here on Kwajalein,” he added.

The banking services provided on Roi by Community

Bank will not be determined until after the site visit by DFAS. Currently there are check-cashing services offered by KRS at the retail facilities.

“Community Bank reacted on very short notice to our request for a Military Banking Facility based on the withdrawal of the Bank of Guam. The establishment of the main branch, which will also provide online banking services to users at all locations, took priority. Once the main branch is established, we can begin determining requirements for the Roi operation,” Wolf said.

The Republic of Marshall Islands workers will not be authorized to cash checks at the Community Bank. “Community Bank will not offer check cashing services to RMI employees on Kwajalein. KRS has been providing payroll check cashing services in the interim since Bank of Guam closed on Dec. 1. KRS is currently looking at methods to continue a check cashing service or other methods of payment to ensure financial services are provided to the RMI workforce that satisfy their requirements,” he said.

Community Bank has nearly 100 full-service banking centers and over 300 ATMs in Germany, United Kingdom, The Netherlands, Iceland, Japan and Okinawa, Korea, Diego Garcia, Guantanamo Bay and Honduras.
