questions, send e-mail to:  
smdscience&technology@  
smdc.army.mil, 256-955-1041

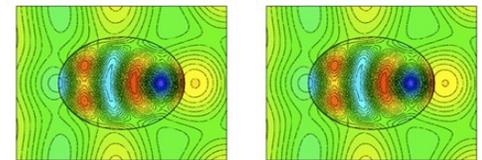

For Administrative Questions  
please call 256-955-2642

This year's Crosstalk will focus on:

- ◆ Providing a forum for highlighting research development activities and opportunities from ongoing Science and Technology (S&T) programs related to Decision Support Tools
- ◆ Conducting a collaborative exchange of information with interested Government Agencies

Scattering from dielectric cylinder

Exact Solution **SDLES** Simulation

**VISTA**

**CrossTalk Agenda**

- 0800 Registration
- 0830 Opening Remarks
- 0845 Vertical Integration (VI)
- 1000 Simulation & Design of Large Electromagnetics Systems (SDLES)
- 1115 Vertical/Horizontal Integration of Space Technologies and Applications (VISTA)
- 1230 Closing Remarks
- 1245 Crosstalk Wrap-Up
