### COMMAND ANNOUNCES

### DEFEND AGAINST

ZIKA, PINK EYE - P 5

### What Are the Symptoms of Pink Eye?

The symptoms of pink eye may vary depending on the cause but usually include:

- Redness or swelling of the white of the eye or inside the eyelids
- Increased amount of tears
- White, yellow or green eye discharge
- Itchy, irritated, and/or burning eyes
- Increased sensitivity to light
- Gritty feeling in the eye
- Crusting of the eyelids or lashes

### When to See a Healthcare Provider?

Most cases of pink eye are mild and get better on their own, even without treatment. However, there are times when it

is important to see a healthcare provider for specific treatment and/or close follow-up. You should see a healthcare provider if you have pink eye along with any of the following:

- Moderate to severe pain in your eye(s)
- Sensitivity to light or blurred vision
- Intense redness in the eye(s)
- A weakened immune system, for example from HIV or cancer treatment
- Symptoms that get worse or don't improve, including bacterial pink eye that does not improve after 24 hours of antibiotic use
- Pre-existing eye conditions that may put you at risk for complications or severe infection

See conjunctivitis treatment for more information.

### How Do I Stop Pink Eye from Spreading?

Pink eye caused by a virus or bacteria is very contagious and spreads easily and quickly from person to person. Pink eye that is caused by allergens or irritants is not contagious, but it is possible to develop a secondary infection caused by a virus or bacteria that is contagious. You can reduce the risk of getting or spreading pink eye by following some simple self-care steps:

- Wash your hands.
- Avoid touching or rubbing your eyes.
- Avoid sharing eye and face makeup, makeup brushes, contact lenses and containers, and eyeglasses.

## HOURLASS REPORT

*The Garrison Commander* wants to hear from you! Col. Larsen is asking Kwaj residents to submit their name ideas for the housing areas outlined on this map of the island. ## ZIKA VIRUS STILL A CONCERN ON ARMY BASES

*Eighty percent of patients* with Zika virus never develop symptoms. Twenty percent develop fever, rash, muscle aches, and joint pain lasting about one week. More serious complications are very rare. Many fear that Zika infection might be associated with birth defects. More study is needed, but the Centers for Disease Control and Prevention recommends that pregnant women consider postponing trips to countries where Zika virus is being locally transmitted, such as Central America and northern and central South America.

Treatment for Zika virus includes controlling pain and fever, good fluid intake, and rest. Other medications including antibiotics are not effective and there is no vaccine. People can reduce their chance of becoming infected with good mosquito protection.

*Wear long-sleeved shirts and long pants.*

*Stay in places with air conditioning or that use window and door screens to keep mosquitoes outside.*

*Use Environmental Protection Agency (EPA) registered insect repellents. All EPA-registered insect repellents are evaluated for safety and effectiveness.*

*Always follow the product label instructions on repellent sprays.*

*Reapply insect repellent every few hours.*

*Do not spray repellent on the skin under clothing.*

*If you are also using sunscreen, apply sunscreen before applying insect repellent.*

*Do not use insect repellent on babies younger than 2 months of age.*

*Dress your child in clothing that covers arms and legs, or cover crib, stroller, and baby carrier with mosquito netting.*

*Do not apply insect repellent onto a child's hands, eyes, mouth, and cut or irritated skin. Adults: Spray insect repellent onto your hands and then apply to a child's face.*

*Treat clothing and gear with permethrin or purchase permethrin-treated items.*

*If treating items yourself, follow the product instructions carefully.*

*Sleep under a mosquito bed net if you are overseas or outside and are not able to protect yourself from mosquito bites.*

# KHS SENIORS TURN TASSELS

BY COLLEEN FURGESON

*The members of the 2016 Kwajalein Jr./Sr. High School graduating class turned their tassels last week. The seniors completed their high school careers and were given their diplomas to begin the next phases in their bright college careers and professional endeavors.*

Joining the 16 graduating seniors for the June 3 commencement ceremony at the KHS Multi-Purpose Room were hundreds of residents of Kwajalein and Ebeye. The 2016 class representative, Allison Hibberts, welcomed the guests in Marshallese, with the ease of someone who has put in dedicated practice. She was met with huge cheers from the crowd and

was especially appreciated by those who had come from Ebeye. Classmate Mesko Alfred followed, repeating Allison's greetings in English.

David Sholar and Danielle Rivera were announced as the valedictorian and the salutatorian of the 2016 class, and both took to the stage to address their fellow classmates and to congratulate them and encourage them in their future endeavors.

"The feeling of being done with high school and getting ready to be on my own is really liberating, though it reminds me of how much I'll miss the Kwaj community and KHS," Sholar said. "My takeaway from senior year is the need to balance my Kwaj memories with being open-minded as I enter a completely new environment."

**CLOCKWISE FROM TOP:** The graduating seniors of the Kwajalein Jr./Sr. High School class of 2016 gather on the stage of the KHS Multi-Purpose Room June 3 during this year's commencement ceremony on Kwajalein. Class Salutatorian Danielle Rivera, left, and class Valedictorian David Sholar are honored for securing the top academic spots among their peers. USAG-KA Commander Col. Michael Larsen awards graduating senior Mesko Alfred her diploma.

U.S. Army Garrison-Kwajalein Atoll Commander Col. Michael Larsen and Command Sgt. Maj. Angela Rawlings had the honor of awarding the graduates their diplomas. All 16 students beamed with pride as they shook hands and were cheered on by the crowd.

A group of girls from the graduating class performed a hula for the audience. Dayna Hepler sang a rendition of "Count On Me" by Bruno Mars. Ben Tavutavuwale and Leonora Kabua expressed their gratitude to those who had helped them through their high school years. They gave special thanks to Jim and Jennifer Cossey, Barbara Bicanich and Jamie Bowers. Then Allison Tomas and Xavier Bellu took to the stage to recount the class history. The friends and family of the graduates were treated to a slideshow of photos from the seniors' lives on Kwajalein.

After all the seniors had been awarded their diplomas and scholarships, the long anticipated turning of the tassels

took place. Addison Cossey stepped forward in directing her fellow students in their final act as KHS students. A major applause arose, and cameras flashed to commemorate the moment.

Following the ceremony, members of the community covered the new graduates with leis and necklaces made of a variety of materials ranging from money to candy. Each student was surrounded by friends and families and swarmed in congratulatory hugs and kisses from those who had helped them along the way.

The decorations in the room, the festivities during the ceremony and the sense of excitement and pride shared by the crowd made the commencement ceremony something that the graduating class of 2016 and everyone attending should remember for a long time.

**CLOCKWISE FROM TOP LEFT:** Graduating senior John Tippetts embraces his father Steve during the 2016 KHS commencement ceremony at the Multi-Purpose Room on Kwajalein. Mesko Alfred, left, and Allison Tomas perform a hula dance with the rest of the class females during the commencement ceremony June 3. Covered in festive leis handed out by hundreds of Kwaj and Ebeye guests, the 16 graduating seniors begin the next step in their lives.

SATURDAY 5 JUNE 1965

BUSINESS AS USUAL...GLORIA KELLER AND DON HOLLER, BEAUTY SALON MANAGER, DO THEIR PART TO HELP THE WOMEN OF THE COMMUNITY MAINTAIN THEIR SMART, UP-TO-DATE APPEARANCE

DRYING... PART OF EVERY HAIR OPERATION IS SITTING UNDER THE DRYER CATCHING UP ON THE LATEST MAGAZINES.

### BEAUTY SALON GETS FACE LIFTING

ONE OF THE BUSIEST SPOTS ON THE ISLAND ANY DAY OF THE WEEK IS THE BEAUTY SALON. IN A SPACE OF APPROXIMATELY 400 SQUARE FEET THREE BEAUTY OPERATORS, DON HOLLER, MANAGER, JEAN SMITH AND GLORIA KELLER BEAUTIFY NOT ONLY THE WOMEN RESIDENTS OF THE ISLAND BUT AN EVER-INCREASING NUMBER OF VETS. IN THIS RESPECT, IT CAN BE A SOMEWHAT UNSETTLING EXPERIENCE WHEN ONE FIRST WALKS INTO THE SALON AND SEES A HEADLESS BODY DISPOSED UNDER ONE OF THE DRYERS. CONSIDERING THE NUMBER OF PATRONS WHO VISIT THE SALON EACH DAY AND THE ACTIVITY THAT TAKES PLACE THERE, IT IS SMALL WONDER THAT THE SHOP BEGAN TO LOOK AS THOUGH IT COULD USE SOME BEAUTIFICATION ITSELF. ON WEDNESDAY OF THIS WEEK BEAUTICIANS IN THE FORM OF PAINTERS SWARMED INTO THE SHOP TO GIVE IT ITS OWN SPECIAL BEAUTY TREATMENT. AS A RESULT THE WALLS AND CEILING ARE NOW A CLEAN AND GLEAMING WHITE AND THE ROSE TRIM OF THE CABINETS BLENDS WELL WITH THE FURNISHINGS.

ALWAYS A POPULAR SPOT, THE BEAUTY SALON IS NOW, MORE THAN EVER, A RESTFUL AND RELAXING PLACE WHERE THE LADIES OF THE ISLAND MAY HAVE THEIR HAIR STYLED IN THE LATEST MANNER.
