## MIT LL RMI INTERNS PREPARE FOR FUTURE

NEWS/JESSICA DAMBRUCH

**The Massachusetts Institute** of Technology Lincoln Laboratory recognized graduates of the 2018 RMI Information Technology Internship program in a culminating ceremony Aug. 18 at the Reagan Test Site Headquarters on U.S. Army Garrison-Kwajalein Atoll.

Ebeye residents Jakio Lanwe and Dickson Batlok presented program highlights and final remarks in a briefing to MIT LL Site Manager Dr. Justin Stambaugh, USAG-KA Deputy to the Garrison Com-

mander Ms. Jenifer Peterson, RTS Range Director Lt. Col. Jake Wamsley, Systems Administrator John O'Rourke, Technical Program Advisor Jessica Holland, Internship Instructor Ranny Ranis, MIT LL Site Security Manager Chameé Cross, Technical Staff Dr. Bryan Reid and Administrative Assistant Stephanie Finley.

The competitive 10-week program is an annual opportunity for RMI citizens to secure hands-on job training in topics related to the professional IT field. Supported by USAG-KA, the program includes observations and field trips

around the garrison. Interns receive a weekly stipend and \$1,000 in education scholarship funds. Upon completion of the program, the interns prepare to apply volumes of technical knowledge to future IT careers. Proficiency in English and residency in the Marshall Islands are required of all prospective applicants.

Lanwe and Batlok described assignments they faced with Ranis, who has worked with the program since its inception 11 years ago. It was an intense, technical summer. The program's training objectives included building computers and networks, troubleshooting hardware, working on data backup for Ebeye Hospital records and using operating systems like Windows and Linux. Both interns learned to troubleshoot and repair computers that Ranis broke over their lunch hour.

The interns plan to use their training to professionally benefit their communities. Lanwe, a teacher from Ebeye, will pursue opportunities to share his IT training with students, and recounted the empowering feeling he had when he discovered he could fix broken computers using his training. Batlok, an Ebeye schools IT employee, hopes to further support school networks. He presented an early design for a network he will implement to assist communities on Ebeye and Guegeegue.

"My favorite part [of the experience] was installing the network," he said. "The most important thing I learned [was how to] troubleshoot. I liked it when Ranny would break the computers."

Stambaugh awarded the interns congratulatory certificates recognizing their hard work throughout the program.

Holland, who has advised the program for three years, says the experience is beneficial to both MIT LL program staff and the students.

"They learn a lot," said Holland. "The goal is that they continue on to receive more education and skills they can bring to their home islands and atolls, which is important to bringing a higher level of technology to the Republic of the Marshall Islands."

## THE KWAJALEIN HOURGLASS

The Kwajalein Hourglass is named for the insignia of the U.S. Army 7th Infantry Division, which liberated the island from the forces of Imperial Japan on Feb. 4, 1944. The Kwajalein Hourglass is an authorized publication for military personnel, federal employees, contractor workers and their families assigned to U.S. Army Garrison-Kwajalein Atoll.

Contents of the Hourglass are not necessarily official views of, or endorsed by, the U.S. Government, Department of Defense, Department of the Army or USAG-KA. # FALL FUN WITH SCHOOL AGE CARE

## PUBLIC NOTICE

**It's back to school time!** The first day is just around the corner on Wednesday, Aug. 29. This is a reminder that the Kwajalein schools are incorporating an early release into the calendar every Wednesday.

The George Seitz Elementary School and Kwajalein Jr.-Sr. High School and Jr.-Sr. High campuses

will dismiss students at 2:30 p.m. on Wednesdays. This is a practice consistent with many school districts, including DoDEA schools to make time for teachers to collaborate on curriculum alignment and to participate in professional development.

The end goal is to improve instruction to benefit Kwajalein students' education. We are excited about the plans for this year's professional de-

velopment and know our students will benefit from the outcomes.

To help families in need of School Age and youth recreational opportunities, the School Age Care (SAC) program invites parents to enroll children on Wednesdays on an hourly basis when school is out early.

Check out the schedule below for fun activities offered by SAC.

## School Age Care

**School Age Care (SAC)** looks forward to having your students at SAC this year!

Parents may register children for up to five days of SAC programming. Enrollment options are available for two days (Wednesday and Friday) and three days (Tuesday, Thursday and Saturday) per week. A schedule of specific activities for each week will be posted Fridays in Kwajalein Child & Youth Services (CYS) Central Registration and on the Kwajalein Atoll CYS Facebook page.

"Like" Kwajalein Atoll CYS online to gain access to weekly updates and pictures of School Age Care (SAC) activities. SAC will also have Vacation Fun Days, Day Camp on school holidays and early release days from school.

For questions about CYS programs, please contact Christy Wagnon at [christy.wagnon@dyn-intl.com](mailto:christy.wagnon@dyn-intl.com). For more information on pricing and registration, visit CYS Central Registration or call 5-2158.

### SAC Daily Schedule

3:30 p.m. Sign in and snack  
3:45 p.m. Homework and Academic Enrichment  
4 p.m. Daily Themed Activity  
4:30 p.m. SAC Release (see 4-H)  
5:30 p.m. 4-H Club Release

### DAILY THEMED ACTIVITIES

#### Teambuilding Tuesday

Every Tuesday will be dedicated to working as part of a team and learning leadership skills working together.

#### Early Release Wednesday

Kwajalein Schools will release early Wednesdays at 2:15 p.m. and run a modified day camp schedule on these days.

2:15 p.m. Early release  
2:30 p.m. Functional Fitness  
3 p.m. Snack  
3:30 p.m. Activity 1  
4 p.m. Activity 2  
4:30 p.m. SAC Release

### Art Thursday

Every Thursday will be dedicated to the arts. We will learn about different artists and different styles of art, recreate famous artwork and even create our own masterpiece.

### STEM Friday

Fridays will be dedicated to Science, Technology, Engineering and Math with hands on projects ranging from Lego Challenges to Marble Runs and Rockets.

### Recreation Saturday

It's the weekend! Time for some fun. We will learn a new game every Saturday afternoon. Card games and board games to physical education games and games children can bring home to teach their families.

## After School 4-H Clubs

4-H Club is an extracurricular opportunity for creative, hands-on fun. Check out these upcoming September activities!

### Grades K-2

#### Scrapbooking

4:30-5:30 p.m. Tuesdays and Thursdays from Sept. 11-Oct. 13 in SAC Classroom No. 6  
\$45 fee

Youth will create keepsakes to last a lifetime. For children, scrapbooking can be a learning experience because this can teach them the value of resourcefulness, creativity, patience and perseverance.

### Grades 3-6

#### Mad Scientists

4:30-5:30 p.m. Wednesdays and Fridays from Sept. 11-Oct. 13 in SAC Classroom No. 6  
\$45 fee

Youth love to create and experiment. We will complete a variety of experiments and STEM projects in this after school program.

# WEEKLY WEATHER OUTLOOK

RTS WEATHER STATION STAFF

## WEATHER DISCUSSION

The monsoon trough has redeveloped over the Republic of the Marshall Islands and will produce scattered showers around Kwajalein Atoll every day through the weekend. Winds will be light through Monday. The trade winds will return early next week and a wave feature within those winds will pass through on Tuesday and Wednesday, along with another round of precipitation. Forecast models continue the seesaw pattern with a switch back to doldrums by the end of next week. Above average precipitation is expected the next seven days.

## SATURDAY/SUNDAY/MONDAY FORECAST

Scattered showers and a stray thunderstorm each day. Winds – SE-SW at 5-10 knots on Saturday and Sunday; E-SE at 3-8 knots on Monday.

## MID-WEEK FORECAST

A return to moderate E trade winds with periods of showers. Drier with light winds again by late week.

## ONE ARMY FAMILY ONLINE, OFFLINE

### PUBLIC NOTICE

**Army Regulation 600-200** describes the harmful practice of bullying.

"Bullying is any conduct whereby a service member or members, regardless of service, rank or position, intends to exclude or reject another service member through cruel, abusive, humiliating, oppressive, demeaning, or harmful behavior, which results in diminishing the other service member's dignity, position or status. Absent outside intervention, bullying will typically continue without

any identifiable end-point. Bullying may include an abuse of authority. Bullying tactics include, but are not limited to, making threats, spreading rumors, social isolation, and attacking someone physically, verbally or through the use of electronic media."

According to the reg, every service member and civilian who lives and works on Kwajalein Atoll deserves the right to work and live in an environment free of hostility. Please, think twice before you post.
