USAG-KA COMMANDER COL. JAMES DEORE, LEFT, IS JOINED BY DEBBIE DEORE, TAMIKA AND KENNEDI GASKINS, AND COMMAND SGT. MAJ. KENYATTA GASKINS, AT THE ASSUMPTION OF RESPONSIBILITY CEREMONY OCT. 5 AT THE CRC.

JESSICA DAMBRUCH

# USAG-KA COMMAND WELCOMES COMMAND SGT. MAJ. GASKINS

## HOURLASS REPORT

**U.S. Army** Garrison-Kwajalein Atoll Command staff, government officials from the U.S. and Republic of the Marshall Islands and Kwajalein residents welcomed Command Sgt. Maj. Kenyatta Gaskins at the Assumption of Responsibility Ceremony Oct. 5 at the Corlett Recreation Center.

Chaplain Steve Munson of the Island Memorial Chapel opened the official ceremony with an invocation. Cpt. David Deibler welcomed those gathered and presented the history of the position of command sergeant major in the U.S. Army. Together, USAG-KA Command staff and ceremony attendees recognized the national anthems of the U.S. and RMI.

USAG-KA Commander Col. James DeOre and Sgt. 1st Class Christina Barnes conducted the official presentation of the Garrison Colors to formally recognize Gaskins as the Command Sergeant Major of the garrison.

Following the ceremonial presentation, DeOre took the podium to welcome Gaskins and his family to Kwajalein. Gaskins followed with an address, and said it was a privilege to serve the garrison under the command of DeOre.

"I'm finally here and ready to serve as your assigned battle partner," said Gaskins to DeOre. "It really is a small world. Over the years, we've served in sister units. Your name precedes itself."

Gaskins said he was ready to serve the garrison community and its Marshallese partners.

"I look forward to meeting you all—just know that I'll dispense formality," he said. "Feel free to dispense your wisdom—whatever you think I need."

Gaskins admitted that four months ago, when he learned about the assignment, he had never heard of the Marshall Islands, but had learned much about the garrison and its host nation since then.

**U.S. Army Garrison-Kwajalein Atoll Command Sgt. Maj. Kenyatta Gaskins, left, presents the Command Colors to Sgt. 1st Class Christina Barnes and Col. James DeOre during the USAG-KA Assumption of Responsibility Ceremony Oct. 5 at the Corlett Recreation Center on Kwajalein.**

## THE KWAJALEIN HOURLASS

The Kwajalein Hourglass is named for the insignia of the U.S. Army 7th Infantry Division, which liberated the island from the forces of Imperial Japan on Feb. 4, 1944. The Kwajalein Hourglass is an authorized publication for military personnel, federal employees, contractor workers and their families assigned to U.S. Army Garrison-Kwajalein Atoll.

Contents of the Hourglass are not necessarily official views of, or endorsed by, the U.S. Government, Department of Defense, Department of the Army or USAG-KA. It is published Saturdays in accordance with Army Regulation 360-1. Phone: Defense Switching Network 254-3539. Local phone: 53539. Printed circulation: 730.

Garrison Commander .....	Col. James DeOre Jr.
Garrison CSM .....	Sgt. Maj. Kenyatta Gaskins
Acting Public Affairs Officer .....	Kenneth Zimmerman
Communications Manager .....	Jordan Vinson
Communications Specialist .....	Jessica Dambruch

"I've heard on more than one occasion that Kwajalein Atoll is one of the Army's best kept secrets," said Gaskins. "Tamika, Kennedy and I are excited for a new beginning and look forward to all the islands have to offer."

The community joined Gaskins and his family for a celebratory reception in the Community Activities Center following the ceremony.

Gaskins joined the United States Army in 1996 as a Personnel Services Specialist and attended Basic Combat Training at Fort Leonard Wood, Missouri and Advanced Individual Training at Fort Jackson, South Carolina. Since then Gaskins has been assigned to duty stations including the 18th Personnel Group (Airborne), Fort Bragg, North Carolina; Headquarters and Headquarters Company, United States Army Garrison, Fort Clayton, Panama; United States Army Office of Military Support, Washington, DC and 1st Special Forces Operational Detachment - DELTA (Airborne), Fort Bragg, North Carolina. Gaskins most recently served as the command sergeant major of Headquarters and Headquarters Battalion, 82nd Airborne Division, Fort Bragg, North Carolina.

Gaskins has also served on numerous deployments in support of Operation Enduring Freedom, Operation Iraqi Freedom and overseas contingency operations. He has held the positions of awards specialist, personnel services specialist; personnel reassignments specialist, personnel actions NCO, personnel Services NCO, human resources NCO, Battalion S-1 NCOIC, first sergeant, G-1 senior human resources NCOIC and Special Operations Joint Task Force J-1 sergeant major.

Gaskins' awards and decorations include the Bronze Star Medal, Defense Meritorious Service Medal, Meritorious Service Medal (2nd OLC), Joint Service Commendation Medal, Army Commendation Medal (3rd OLC), Army Achievement Medal (3rd OLC), Joint Meritorious Unit Award, Valorous Unit Award, Meritorious Unit Citation, Army Good Conduct Medal (6th Award), National Defense Service Medal, NCO Professional Development Ribbon (Numeral 5), Army Service Ribbon, Overseas Service Ribbon, Humanitarian Service Medal, Global War on Terrorism Expeditionary Medal, Global War on Terrorism Service Medal, Afghanistan Campaign Medal (one Bronze Service Star), Iraqi Campaign Medal (two Bronze Service Stars), Combat Action Badge, Master Parachutist Badge, Air Assault Badge and the Driver's Badge.

# ISLAND BRAVO

BY JORDAN VINSON

**This week's** Island Bravo goes to Rena Alik. A DynCorp International employee of the garrison's busy custodial team, Alik, 31, likely saved the Teen Center on Kwajalein from burning down.

While cleaning a room in the facility Sept. 29 Alik noticed something out of the ordinary and reacted quickly.

"I was just cleaning and suddenly I hear a 'pop,'" he said. "And so I just look and see a computer smoking. And I go and unplug the cords."

A component, likely a power supply, in the computer had gone belly up in a dangerous way, and the amount of smoke the computer was producing was alarming, Alik said. After cutting the power to the computer, he took off down the road to the high school to

report the incident, and the Kwajalein Fire Department was called. On the scene, KFD told management if Alik had not responded by unplugging the computer, the Teen Center could have likely burned down.

Because of his quick thinking and commendable response to the situation, Alik was recognized last week by DI management with a DI Safety Coin.

Alik has been an employee of the custodial team on Kwajalein for three months. Originally from Majuro, Alik moved with family to Ebeye in 2014. He has a wife, Eline, and a daughter, Natasha. When he's not working or preventing Army infrastructure from burning down, he spends his free time playing video games.

## DOMESTIC ABUSE IS NEVER OKAY

COMMUNITY CONNECTION / KWAJALEIN HOSPITAL

**Domestic violence** includes behaviors that physically harm, arouse fear, prevent a partner from doing what they wish or force them to behave in ways they do not want. Domestic violence is about power and control.

Not just bruises and broken bones - The wounds from domestic violence are not always physical, and the silent scars sometimes take longest to fade. According to the US Dept. of Justice, 80 percent of victims do not present with physical scars. Despite this, we concentrate on the 20 percent because we are a visual people. If I don't see your pain, your pain does not exist. However, if you turn victims inside out, you will see all the hidden scars they carry. Unfortunately, we don't concentrate on the many other abuses happening every one to eight seconds, before the assault takes place because we do not see them as warranting intervention or attention. This is why it can be so difficult for victims without physical injuries from abuse to get the help they deserve. Abuse can come as emotional, psychological, financial or spiritual in addition to physical.

If you are a victim of domestic abuse and violence, contact the National Domestic Violence Hotline. They are here to help you, 24 hours a day, seven days a week, by

phone at 1-800-799-7233 (SAFE) or by online chat at [www.thehotline.org](http://www.thehotline.org).

You can also contact the EAP (5362) here on island for connection to Family Advocacy or other available supports.

You are not alone. Abuse is never your fault, and the abuse you are suffering is not love.

(Taken from [www.thehotline.org/](http://www.thehotline.org/))

### Common Traits of an Abuser

- An abuser often denies the existence or minimizes the seriousness of the violence and its effect on the victim and other family members.
- An abuser objectifies victims and may see them as property or objects.
- An abuser has low self-esteem and feels powerless and ineffective in the world. He or she may appear successful, but internally, they feel inadequate.
- An abuser externalizes the causes of their behavior. They blame their violence on circumstances such as stress, their partner's behavior, a "bad day," on alcohol, drugs, or other factors.
- An abuser may be pleasant between periods of violence and is often seen as a "nice person" to others outside the relationship.

### What Are the "Warning Signs" of an Abuser?

- Extreme jealousy
- Possessiveness
- Unpredictability
- A bad temper
- Cruelty to animals
- Verbal abuse
- Extremely controlling behavior
- Controls all the finances
- Antiquated beliefs about roles of women and men in relationships
- Forced sex or disregard of their partner's unwillingness to have sex
- Sabotage of birth control methods or refusal to honor agreed upon methods
- Blaming the victim for anything bad that happens
- Sabotage or obstruction of the victim's ability to work or attend school
- Abuse of other family members, children or pets
- Accusations of the victim flirting with others or having an affair
- Control of what the victim wears and how they act
- Demeaning the victim either privately or publicly
- Embarrassment or humiliation of the victim in front of others
- Harassment of the victim at work

## DEPLOYMENT OF MOSQUITO TRAPS

The DI Pest Control Department will be deploying commercial mosquito traps in the areas adjacent to several residential houses to evaluate and determine their effectiveness.

- Prior to deployment, residents will be provided notification and given the opportunity to opt out.
- The traps will be placed within 3 feet of the ground and affixed to bushes, porches, or short bent stakes.
- Please keep children and pets away from the traps.

For more information and a video on the product, please visit:  
<https://www.springstar.net/products/mosquito-trap-n-kill>

Please contact the Pest Control Department for any questions at 5-1760.

## E-WARENESS

# KESTREL EYE DEMONSTRATION COMES TO AN END

## EXTERNAL REPORT

By Jason Cutshaw, SMDC/ARSTRAT

**REDSTONE ARSENAL**—If you are looking for a demonstration on exceeding expectations, you need look no further than Kestrel Eye.

The U.S. Army Space and Missile Defense Command/Army Forces Strategic Command Technical Center's Kestrel Eye reached end of life in late August. As a Science and Technology demonstration, Kestrel Eye provided USASMD/ARSTRAT vital data and crucial lessons learned for supporting future Army small satellite programs.

"Kestrel Eye was deployed into low-earth orbit in October 2017 and remained on orbit for more than 10 months," said Wheeler "Chip" Hardy, Kestrel Eye program director. "The original estimate was six months. The Kestrel Eye team however, managed to prolong its life to nearly double this original expectation."

Hardy added that the Kestrel Eye demonstrator met the command's objectives and will be used to inform further Army small-satellite developments.

"This science and technology program did exactly what an S&T program should, in that it has provided invaluable lessons learned for any future imaging small satellite program," he said.

Kestrel Eye lifted off from Cape Canaveral, Florida, Aug. 14, 2017, and de-

ployed Oct. 24.

It was a small, low-cost, visible-imagery satellite the size of a small refrigerator and weighed approximately 50 kg. SMDC engineers designed the satellite to provide electro-optical imagery at a tactically useful resolution and to give Warfighters on the ground the ability to directly task and receive data as it passed overhead.

The SMDC team made the Kestrel Eye platform entirely of commercial off-the-shelf and custom-produced components.

"A large part of the original concept was to investigate if a less expensive, small satellite could provide useful information," Hardy said. "From that viewpoint, Kestrel Eye performed well and provided rapid, reliable responses with tactically useful imagery."

"Kestrel Eye's cost is not the only factor to consider," he added. "Other equally important factors are timeliness of response and the classification of the image collected. Because the service 'owns' the satellite, the brigade commander would have confidence that an image would be provided when it was needed."

During its lifetime, the Kestrel Eye demonstrator provided SMDC's young engineers and Soldiers who operated the satellite with hands-on satellite experience. They designed and built much of the ground system, operated the ground-station antennas, commanded the imaging microsatellite, and manned the associated operations center.

"My experience working on Kestrel Eye was great," said Dr. Matthew Hitt, SMDC Technical Center general engineer. "It was a good team to work with, and the opportunities and learning potential were beneficial. I learned a lot about satellite orbits, modeling and satellite operations. I also learned about all the subsystems that compose a satellite and the technical challenges associated with them."

Kestrel Eye recently participated in the Joint Capability Technology Demonstration, or JCTD, with U.S. Indo-Pacific Command. The demonstration results were evaluated by joint and combatant command Warfighters to determine how well Kestrel Eye could satisfy their needs. Images taken by Kestrel Eye served as the JCTD operational demonstration to enable the Warfighters to comment on future possibilities.

"The chief item we learned from Kestrel Eye is that the concept to provide the Warfighter with rapid situational awareness at a reasonable cost has validity," Hardy said. "Heeding lessons learned from the Kestrel Eye demonstrator will enable other SMDC small-satellite science and technology efforts to have an increased chance of success."

"The demonstrator has been a trailblazer for Army imaging from a micro-satellite," he added. "It has shown beneficial tactical capabilities from space, which could represent a new tool for the tactical commander."

## HELP WANTED

To research and apply for government employment opportunities on U.S. Army Garrison-Kwajalein Atoll and worldwide, visit [usajobs.gov](http://usajobs.gov).

San Juan Construction has multiple openings on Kwajalein. Please see our website [www.sanjuanconstruction.com](http://www.sanjuanconstruction.com) or contact recruiter Tim Hughes at [thughes@sjcco.com](mailto:thughes@sjcco.com) or (970) 497-8238.

## COMMUNITY NOTICE

Ongoing Smoking and Tobacco Cessation offered. Please call EAP at 5-5362 or make an appointment with a physician.

Do your Halloween shopping at the Bargain Bazaar. We have Halloween decorations and costumes for kids and adults! Pirate costumes & gear for the Swash-buckler's Ball! Store Hours: Wednesday 5-7 p.m., Saturday 2-4 p.m., first and third Monday, 1-3 p.m.

Roi-Namur Monster Bash Costume Party. Oct. 27 at 8 p.m. at the Outrigger Bar. Costume competition, fun and games! Why? Because it's time to have fun! For more information, contact Roi FMWR Supervisor Rob Kent at 5-6580.

Christian Women's Fellowship is starting! The first CWF meeting will be held on Sunday, Oct. 14 at

12:30 in the REB. Join us for a delicious meal, fellowship and the start of a new CWF year! Contact Angel Bolton ([angel.bolton@gmail.com](mailto:angel.bolton@gmail.com)) for more information. All ladies on island are invited to attend.

Join the Yokwe Yuk Women's Club for a Sunset Social. Monday Oct. 15 at 6:30 p.m. Emon Beach A-Frame Pavilion. Bring your favorite beverage & relax as we sit on the beach & enjoy the sunset together. All women on the atoll are invited to attend. For more information please send emails to [yywcinfo@gmail.com](mailto:yywcinfo@gmail.com).

Kwajalein Jr.-Sr. Choir and Band Concert. Oct. 18, 6 p.m. in the MP Room. Community members welcome.

Kwajalein Scuba Club October meeting. Wednesday, Oct. 17, 7 p.m. at the Emon Beach main pavilion. New divers welcome.

Welcome Back Picnic. Sunday, Oct. 21, there will be a Welcome Back picnic and free bike maintenance at Emon Beach hosted by Island Memorial Chapel at 5 p.m. at the Main Pavilion. Everyone on island is welcome to attend.

Attention vendors! The annual Holiday Bazaar (Art and Craft Fair) will be held Monday, Nov. 12. Please email Salma at [salmataylor6@gmail.com](mailto:salmataylor6@gmail.com) for a vendor application.

**Need to send an announcement to the community? Send your messages to [kwajafnroller@dyn-intl.com](mailto:kwajafnroller@dyn-intl.com) and [kwajaleinhourglass@dyn-intl.com](mailto:kwajaleinhourglass@dyn-intl.com) to appear in the Kwajalein Hourglass and on the AFN roller channel. For more information, please call 5-2114.**

Calling All Craft Vendors. Tree Lighting Ceremony. Saturday, Dec. 1. Downtown, 5-10 p.m. Sign up by Nov. 15 at the Grace Sherwood Library. POC: Donna Pickard #5-3331.

Attention USAG-KA Residents: Telephone Fee Collection. Dyn-Corp International is collecting for residential and business phone services. Kwaj residents can pay at the cash cage in building 702, Tuesday – Saturday from 1 – 5 p.m. Roi Namur residents can pay at the Finance Office, Tuesday – Friday from 1 – 4 p.m. The monthly fee is \$10 per line and due no later than the 10th of each month.

Help Us Protect Our Gear! The Kwajalein diving community asks that you refrain from washing anything but dive and snorkeling gear in the dip tanks at the Emon Beach Scuba Shack and Ski Boat Area Dive Shack. Dip tanks are used for rinsing gear only. Please do not dip shoes, booties, dogs or children in the tanks.

Religious Meetup. Meets on Fridays and Saturdays at 7 p.m. in the large chapel. Join us for prayer, praise, worship and testimonies as we learn how to navigate the single life in Christ. Married people are also welcome. Contact MJ ([purposedrivenwoman63@yahoo.com](mailto:purposedrivenwoman63@yahoo.com)) for more information.

## UNITED CHECK-IN TIMES

Monday, United 155—3:30-4:45 p.m.  
 Tuesday, United 154—11-11:30 a.m.  
 Wednesday, United 155—2:30-3:45 p.m.  
 Thursday, United 154—11:30 a.m.-Noon.  
 Friday, United 155—3:30-4:45 p.m.  
 Saturday, United 154—11-11:30 a.m.

## ATI CHECK-IN TIMES

Early departures—7:45-8:15 a.m.;  
 All other departures—8-8:30 a.m.  
 \*Check with your ATI flight representative to confirm check-in and flight departure times.

## SHUTTLE BUS SERVICE

To set up a pick up time for the shuttle please call: 5-3341 or 5-8294. If a representative cannot be reached, please leave a detailed message and your phone call will be returned as soon as possible. Shuttle services start one hour prior to check-in times for United flights and 0700 for the ATI.

## WEEKLY WEATHER OUTLOOK

RTS WEATHER STATION STAFF

### WEATHER DISCUSSION

Sub-tropical ridge to dominate the area weather this week-end into next week. Pacific basin continues transition into El Nino conditions with weakening trade winds. Madden Julian Oscillation is in a phase to suppress convection in our area. With weak trade winds, very little convergence of winds along the surface exists to initiate convective showers. Expect lots of sun and dry conditions for the upcoming week.

### SATURDAY

Partly sunny with stray showers (<10 percent coverage across the atoll). Winds NE-ENE at 5-10 knots.

### SUNDAY

Partly sunny with isolated showers (10-20 percent coverage). Winds ENE-ESE at 5-10 knots.

### MONDAY FORECAST

Partly sunny with stray showers (<10 percent coverage). Winds NE-E at 7-12 knots.

For all current weather conditions, please monitor the Kwajalein weather channel. It is important to be weather aware and know what to do in all types of weather conditions. The Atmospheric Science Technology weather team is constantly monitoring weather conditions and will provide updates through official channels as needed.

## LUNCH

<b>Sunday</b>	<b>Monday</b>

# ENERGY CONSERVATION WORK SCHEDULE NOTICE

## PUBLIC NOTICE

Johnson Controls Federal Systems (JCFS) contractors with support from the Housing Services Department began implementing Energy Conservation Measures (ECMs) in housing structures beginning Sept. 11, 2018. This effort is part of the Energy Savings Performance Contract (ESPC) intended to improve energy efficiency and improve tenant comfort.

Work durations should last only a few hours in each location. For areas where lighting will need to be accessed, please

ensure access to fixtures is available to keep disruptions to a minimum. If you require someone to be present during this effort, have pets or other specific needs please contact Misty Jones (Misty.Jones-ext@jcifederal.com) for appointments within your scheduled timeframe.

For additional information, please contact Rob Hickman (rob.hickman-ext@jcifederal.com), call 5-8289, or also consult the notice and map posted at the Kwajalein Post Office.

Locations	Work Dates	Door Sweeps*	Caulking*	Lighting*
Housing 467, 469-478, 480, 482	10/2-10/6	x	x
