COL DEORE FINISHES COMMAND

BY JORDAN VINSON

In a ceremony Tuesday marking the end of Col. James DeOre's tenure as the garrison's commanding officer, incoming Col. Jeremy Bartel assumed command of U.S. Army Garrison-Kwajalein Atoll.

Gathered for the event were foreign ambassadors, the RMI acting president, traditional Marshallese leaders, friends, colleagues and leaders representing the military commands that depended on and worked with DeOre during the past two years. They will look to Bartel to lead in the same capacity his predecessor did.

Karen Stewart, the U.S. ambassador to the Republic of the Marshall Islands, enumerated the stresses that can arise in a truly unique command, executing directions from an American ambassador and three individual military commands: Installation Management Command, Space and Missile Defense Command/Army Forces Strategic Command and Indo-Pacific Command. DeOre handled the tectonic pressures of answering to four different bosses in stride, Stewart said, adding that Bartel has an excellent example to follow.

"I think anyone who can keep all that straight and keep all four of us happy has clearly done a marvelous job," said Stewart. She was one of six speakers, including DeOre and Bartel, who took to the podium to mark the occasion.

Having completed a handoff with DeOre, Bartel said he "personally look[s] forward to working with the team as we continue to accomplish the mission our nation has given us and meet the challenges that tomorrow will bring." He thanked Lt. Gen. James Dickinson, commanding general of SMDC, and Dr. Christine Altendorf, regional director of IMCOM-Pacific, for the opportunity to serve under them.

Altendorf welcomed the new garrison commander to the IMCOM-Pacific team and described the complexities involved in running, maintaining, and—in some cases rebuilding—one of the most strategic Army bases in the Pacific. She pointed to DeOre as an exemplary leader who helped guide USAG-KA through rough seas during his tenure on Kwajalein, and whom Bartel could call on for advice down the road.

The recent garrison and range contract transitions, which saw the previous contract vehicle split into separate contracts under separate entities, was a process fraught with growing

THE KWAJALEIN HOURGLASS

The *Kwajalein Hourglass* is named for the insignia of the U.S. Army's 7th Infantry Division, which liberated the island from the forces of Imperial Japan on Feb. 4, 1944.

The *Kwajalein Hourglass* is an authorized publication for military personnel, federal employees, contractor workers and their families assigned to U.S. Army Garrison-Kwajalein Atoll.

Contents of the *Hourglass* are not necessarily official views of, or endorsed by, the U.S. Government, Department of Defense, Department of the Army or USAG-KA. It is published Saturdays in accordance with Army Regulation 360-1. Phone: Defense Switching Network 254-3539 Local phone: 5-9205

Garrison Commander.....Col. Jeremy Bartel

Public Affairs Officer.....Mike Brantley
Communications Manager.....Jordan Vinson
Communications Specialist Jessica Dambruch

pains, DeOre would say. But the commander rose to the occasion, Altendorf said, completing the primary thrust of the contract transition and also making important headway in rebuilding critical infrastructure on the islands.

"We've been very fortunate for the past two years, because we've had the right kind of leader in Col. James DeOre," said Altendorf. "Today, we take the opportunity to recognize the outstanding contributions and leadership he's displayed."

DeOre's most important contributions, Dickinson said, bolstered the garrison's core function on Kwajalein Atoll: to provide the foundation and logistics to execute the missile, space and scientific research activities that occur at the Reagan Test Site and in surrounding test bed areas under the auspices of Missile Defense Agency, the Air Force and U.S. Strategic Command.

"The SMDC/ARSTRAT mission set that I'm responsible for is intertwined in many ways with this installation. ... Without this garrison, we would not be able to operate; the two go hand in hand," said Dickinson. "During Jim's time here as the garrison commander, we accomplished 19 critical national security missions, including the recent FTG 11, which tested our ground-based missile defense systems and resulted in a stunning success."

During DeOre's tenure, USAG-KA provided critical logistical support on several theater missile defense systems tests of the Terminal High Altitude Aerial Defense system, the Patriot system, the Aegis system and the Aegis Ashore variant—all under the stringent demands of MDA. The Air Force launched seven unarmed Minuteman III intercontinental ballistic missiles, including GT 230 and GT 229 in May, toward Kwajalein Atoll as part of the follow-on operational test and evaluation launch program during DeOre's time. And he and his staff provided the support necessary for a Navy hypersonic experiment and several NASA experiments launched from Roi-Namur, the latest of which studied the ionosphere last month.

"Col. DeOre supported all these tests with logistical support while transitioning to a base support contract," Dickinson said. "And when you think about that—that is no small feat when you know the complexities that go into a very large contract. ...

LEFT: Command Sgt. Maj. Kenyatta Gaskins passes the colors.
RIGHT: Gaskins and Bartel cut the ceremonial cake.

[It is] a truly remarkable accomplishment."

Under DeOre's leadership, USAG-KA supported not only the range but also the Marshallese people on Kwajalein Atoll in measurable, lasting ways, said acting RMI President John Silk, speaking on behalf of RMI President Hilda Heine.

DeOre's command tenure was "punctuated by one key event: the removal of oil from the Prinz Eugen in the Kwajalein lagoon," Silk said. DeOre led USAG-KA in providing support to a U.S. Navy salvage team's efforts on and in the water during an operation that spanned several weeks and resulted in clearing nearly 230,000 gallons of oil from the German WWII heavy cruiser.

Dickinson echoed Silk in his praise of the teams involved in the success of the Prinz Eugen operation: It was "an outstanding win for the United States and the Republic of the Marshall Islands governments and prevented, in the long run, an environmental disaster that could have happened in the lagoon."

USAG-KA's commitment to environmental stewardship on the islands of Kwajalein Atoll is also evidenced by the ongoing

"IT TOOK NO TIME AT ALL TO SEE THE IMPORTANCE OF THE LITTLE SLICE OF PARADISE WE LIVE IN. IT WAS IMMEDIATELY OBVIOUS THAT WHAT WE DO CANNOT BE DONE ANYWHERE ELSE IN THE WORLD ... AND IT TAKES ALL OF US, A COMBINED EFFORT, TO EXECUTE SUCH AN IMPORTANT NATIONAL SECURITY MISSION."

— OUTGOING USAG-KA COMMANDER COL. JAMES DEORE —

ing WWII Navy Dump and shoreline re-vestment project, begun under DeOre's leadership, Silk said. Tasked with safely extracting small mountains of scrap metals, discarded machines and other detritus cast along the shoreline during the rebuilding of Kwajalein following WWII, DeOre and the garrison have aimed to improve the environmental impact of the base. And the people and government of the Marshall Islands have taken notice.

Silk, Dickinson, Stewart and Altendorf all agreed that DeOre's leadership on issues impacting relations between the garrison and the local Marshallese community, and between the U.S. and the Marshall Islands, were consummate

representations of what it means to be a garrison commander at USAG-KA and a key focal point in the U.S.-RMI relationship. Some of those accomplishments included the following.

- ensuring continued support of the Ri-Katak Program for local youth at the Kwajalein Jr.-Sr High School and George Seitz Elementary School
- establishing an RMI post office branch on Kwajalein
- ensuring freshwater was available for residents of Enniburr
- providing emergency generators for Ebeye residents during a power

er blackout last winter

- improving Enniburr residents' access to the Roi-Namur Surfway market
- continuing support of reef fish studies and reef fish education campaigns
- authorizing use of USAG-KA assets in the search for Ebeye fishermen lost at sea
- co-chairing the Community Relations Council, addressing a wide array of issues impacting local Marshallese
- beginning studies on a possible energy purchase framework for Enniburr residents
- improving the local RMI workforce's access to the Kwajalein branch of the Bank of the Marshall Islands
- hosting and assisted five Navy Seabee detachments in their humanitarian and aid missions in the Marshall Islands
- hosting and assisted the recent Pacific Partnership activities on Ebeye, Enniburr, Kwajalein and elsewhere in the Marshalls
- establishing the Joint Law Enforcement Committee, a collaboration with the Kwajalein Atoll Local Government authorities on Ebeye and law enforcement entities on Kwajalein

BELOW: DeOre makes his final address to the USAG-KA community shortly after transferring command of the garrison to Bartel. BOTTOM: The six speakers of the change of command ceremony stand for the National Anthem. From left: Col. Bartel, Col. DeOre, Dr. Christine Altendorf, Lt. Gen. James Dickinson, U.S. Ambassador to the RMI Karen Stewart and acting RMI President John Silk.

Key infrastructure initiatives included:

- beginning reconstruction of Echo Pier on Kwajalein
- preparing plan for rehabilitation and rebuilding of key infrastructure like Bucholz Army Airfield, air traffic control facilities, medical facilities
- coordinating construction of a large solar farm installation on Meck to reduce diesel use at the Meck Power Plant

DeOre said he was privileged to serve as commander during a frenetic period in the history of USAG-KA. He acknowledged the herculean work that the garrison, LOGCAP administrators, NETCOM, RTS and contractor teams have invested into the contract changeover and stated that effort has begun to pay off and will continue to pay off down the road.

"We've completely changed the way we do business around USAG-KA," he said, adding that one need only to take a quick tour of the island to understand the importance of the new contract models and how they are funded should im-

prove the quality of life and mission success on the garrison. More cash from Washington is only helping, DeOre said: "The government is investing in Kwajalein Atoll at a rate not seen in the past 20 years."

DeOre addressed these challenges "with a can-do attitude of teamwork, flexibility and follow through," Dickinson said. "Jim worked tirelessly to ensure that our workforce and their families have the infrastructure and support to perform the mission, have safe and secure living and working environments and feel [as a] part of the Kwaj team and community. So, if I were to give you a bottom line ... Jim improved the quality of life here in Kwajalein Atoll."

More than anything, DeOre said he was grateful for the bottomless support he received during his tenure from his superiors, his USAG-KA staff and, most importantly, his wife Debbie.

"It took no time at all to see the importance of the little slice of paradise we live in," DeOre said of his and Debbie's first impression of Kwajalein two years ago. "It was immediately obvious that what we do cannot be done anywhere else in the world ... and it takes all of us, a combined effort to execute such an important national security mission."

He thanked all of his partners: RMI government, his garrison staff, contractors.

"Together, we have achieved so much," he told the crowd.

With DeOre set to tackle his next assignment on the staff of the Joint Chiefs at the Pentagon, the USAG-KA community and partners welcome the new garrison commander to his role.

COL. JEREMY BARTEL BIO

Originally from Glasgow, Montana, Bartel commissioned from Kemper Military College in 1995 as an engineer officer and completed his Bachelor of Science in civil engineering from the University of Missouri-Columbia. His initial assignment was with the 9th Engineer Battalion, 1st Infantry Division at Schweinfurt, Germany, where he served as a combat engineer platoon leader and company executive officer while deployed to Kosovo in support of Operation Joint Guardian.

Following completion of the Infantry Advanced Course and the Special Forces Qualification Course, he was assigned to 1st Special Forces Group (Airborne) at Okinawa, Japan, where he served for three years as a special forces detachment commander and one year as the assistant battalion operations officer, which included deployments in support of Operation Enduring Freedom-Philippines and training exercises with defense forces from Korea, India, Thailand, Philippines and Australia.

In 2006 Bartel attended Naval Postgraduate School in Monterey, California, earning his Master of Science in Defense Analysis and subsequently returned to 1st Special Forces Group (Airborne) at Joint Base Lewis-McChord, where he commanded a Special Forces company and deployed to Mosul, Iraq in support of Operation Iraqi Freedom. He additionally served as the 3rd Battalion operations officer and the group operations officer.

In 2011 Bartel was assigned to Special Operations Command-Europe in Stuttgart, Germany. During this assignment he deployed in support of Operation Enduring Freedom-Afghanistan with Combined Special Operations Task Force-10 and served several positions with the operations directorate.

From 2014 to 2016, Bartel commanded HHBN, 2nd Infantry Division at Camp Red Cloud, Korea. Following command, he was selected as an Army War College fellow and spent one year in Herzliya, Israel at the Institute for Counter-Terrorism with the Lauder School of Government, Diplomacy and Strategy.

In 2017 Bartel was reassigned to Special Operations Command-Europe, where he ultimately served as the director of operations until his departure for U.S. Army Garrison-Kwajalein Atoll.

Bartel is married to the former Regan Murphy, of Vincennes, Indiana. Their son Jarek is a junior in the electrical engineering program at Boston University, and their daughter Mara will attend the University of Massachusetts-Boston for nursing beginning this fall.

HOURGLASS REPORT

The U.S. Army Garrison-Kwajalein Atoll community hit the sun-drenched sands of Emon Beach July 4 to celebrate America's independence. Organized by Family, Morale, Welfare and Recreation staff, the event featured a 100-person flotilla, patriotic bike parade, grilled food, fun for the kids, music manned by deejays—and loads of dazzling fireworks. Here are some highlights from the action on Kwajalein's friendliest spit of sand last week.

Clockwise from top left: The 100-person flotilla assembles for a photo opp. Some participants of the flotilla smile for the camera. Children bounce around on land. Fireworks are silhouetted by a tall palm during the big show.

U.S. Army photos by Jordan Vinson

Clockwise from top left: 1) Jamie Sandige and his children coast down the Emon Beach sidewalk in the July 4th Bike Parade. 2) A zoom boppin' banger barrel explodes in the sky, releasing hundreds of arcing tracers during the fireworks show. 3) A stand-up paddleboarder enjoys the calm lagoon waters. 4-6) Ooooh! Aaaahhh! 7) Friends Katey Beavers, Maddie Alvidrez and Mike Hodges hug it out on the beach in the run-up to the fireworks show. 8) Siblings Marina and Morgan Dethlefsen lounge in the enchanting comfort of a rare rainbow unicorn in the lagoon.

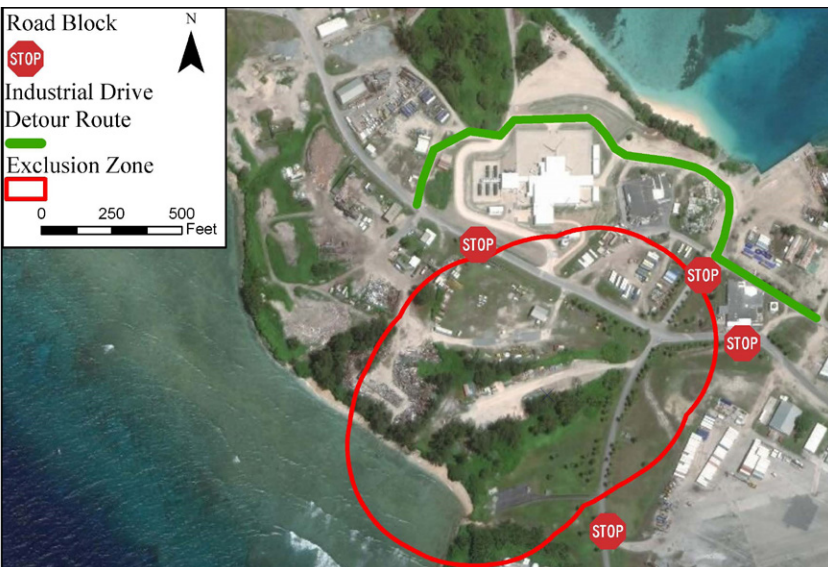

AUTOMOTIVE EMPLOYEES RECOGNIZED FOR SERVICE

HOURLASS REPORT

Automotive employees Brian Fabrizio, Automotive maintenance supervisor, and Jayson Brannon, heavy vehicle mechanic, were recently acknowledged by Automotive Vehicle Maintenance Manager Joe Harris and DynCorp International for their dedication and professionalism on the job. They invested their expertise and work ethic in the vehicles roaming the streets of USAG-KA before departing for their next adventures. Thanks and good luck.

Automotive Body Shop employees Bomardy Juna, Body Shop lead, Netline Jajo, welder, and Jason Smith, auto body technician were recognized July 2 by DynCorp International for their expeditious completion of repairs on a concrete truck, which is critical to Department of Public Works missions on the garrison. They each received challenge coins as a symbol of DI's gratitude to their work ethic.

1) Automotive Vehicle Maintenance Manager Joe Harris congratulates Jayson Brannon. 2) Harris congratulates Brian Fabrizio. 3) Bomardy Juna, Netline Jajo and Jason Smith are recognized for their hard work.

ROAD CLOSURES

PUBLIC NOTICE

Operations on the Navy Dump Shoreline Cleanup project will require the intersection of Industrial Drive and Olympus Drive to be shut down intermittently until August 19.

This will include all pedestrian and bike traffic as well. Refer to the image for road blocks, detour route and the exclusion zone. No one is to enter the Exclusion Zone during this time without prior approval.

Please adjust routes accordingly and thank you for your patience. Please call the KFS Field Office at 5-1226 with any questions.

SPECIAL HOURS AT THE ROI BARBERSHOP

The Roi Barbershop is offering special hours of operation to accommodate all incoming Roi residents during July and August. The Barbershop will be open Tuesdays from 9:30 a.m. to 4:30 p.m. and Wednesdays from 8:30 a.m. to 2:30 p.m. on select dates. Appointments are preferred, but walk-ins are welcome if a stylist is available. Payment is accepted in cash or checks. Questions? Please call 5-3319 or 5-6889.

WEATHER WATCH

RTS WEATHER STATION STAFF

A monsoon trough, part of the Asian continent monsoon circulation, extends through Chuuk, Pohnpei, and Kosrae ending south of Kwajalein. Any easterly trade winds are ending at the dateline. The monsoon trough will be lifting northward with scattered rain Saturday and Sunday, but mostly west of Kwajalein. The impact is we will have another period of 'doldrum' like winds.

The next 3-month forecast of precipitation was issued Friday. NOAA National Weather Service is expecting average to below average precipitation amounts for the Kwajalein area due to weak state of El Niño. Weak El Niño is anticipated next few months declining to neutral conditions by Q4, 2019.

SATURDAY: Partly sunny with scattered showers (30% coverage). Winds variable at SSW-SSE at 5 kts.

SUNDAY: Partly sunny with scattered showers (30% coverage). Winds becoming N-NE at 5 kts.

MONDAY: Partly sunny with isolated showers (10-20% coverage). Winds ENE-SE at 5-10 kts.

COMMUNITY CLASSIFIEDS

HELP WANTED

To research and apply for government employment opportunities on U.S. Army Garrison-Kwajalein Atoll and worldwide, visit usajobs.gov.

RGNext, LLC seeks qualified candidates to fill several open positions on Kwaj and Roi in engineering, technical and other areas. For more information and to apply, go to: www.rgnext.com.

DynCorp International (DI) is looking for qualified candidates to fill various positions. Current DI open positions on USAG-KA include education services, aviation and airfield operations, marine operations and public works among others. For more information and to apply, go to: www.dilogcap.com or contact your local HR representative.

COMMUNITY NOTICES

All those who live in Man Camp are invited to a free BBQ at Camp Hamilton. BBQ will be held on Sunday, July 14th at 6:30pm. We hope to see many of you there! Please RSVP to Island Memorial Chapel by July 9th for food planning at kwa-jchapel@gmail.com or 5-3505.

Free family movie night at the chapel. Join us on Monday, July 22nd at 6:30pm for the movie, "Night at the Museum". Bring your snacks and drinks and get ready to enjoy a movie in the large chapel!

Alcoholics Anonymous. AA meets weekly on Tuesdays from 6:30-7:30 p.m. upstairs in the REB (Rm. 213). Contact Steve for more information (907-350-1193 or millea@alaskan.com).

Ongoing Smoking and Tobacco Cessation offered. Please call EAP at 5-5362 or make an appointment with a physician.

Payments for monthly telephone fees are accepted in Bldg. 702 on Kwajalein (Tue. - Sat., 1-5 p.m.), and the Finance Office at the Air Terminal on Roi-Namur during normal business hours. Payments are due the first of every month. For billing questions, please call 5-0843.

Reminder that internet customers can access their account and pay online! Simply

visit KwajNetBilling.dyn-intl.com to log in and pay via our secure, online payment gateway using the payment method of your choice. You may also pay online for future months in advance! For support, contact us via phone @ 805-355-0843 (5-0843) or email KwajNet.Billing@dyn-intl.com

The Kwajalein Post Office hours of operation are: Monday: 12:30 to 5 p.m.; Tuesday and Thursday: Noon to 6 p.m.; Wednesday and Friday: 11 a.m. to 6 p.m. Please remember to display your badge at the window prior to package pick-up.

New Island Memorial Chapel ofice hours are 7:30 a.m. to 4:30 p.m. Tuesday through Friday and 7:30 to 11:30 a.m. on Saturdays. The office is closed for lunch from 11:30 a.m.-12:30 p.m.

Roi Chapel Dates. Chapel services will be held on Roi July 26. Catholic service will be held at 4:45 p.m. on the 26th.

Kwajalein Island Memorial Chapel Services for July. Interdenominational traditional services are held Sundays at 8:15 a.m. Contemporary services meet at 11 a.m. Catholic Mass regular times resume on July 20. Mass also meets at 5:30 p.m. Saturdays and 9:15 a.m. Sundays.

Facility Manager Evacuation Coordinator Training meets on the first and third Wednesday of each month at 10 a.m. in Bldg. 904 in the Fire Station Training Room. Call 5-3364 to sign up. -There is a 15-person cap on classes.

The MIC Shop is looking for ladies and gentlemen to work one two-hour shift per month selling beautiful, one-of-a-kind handicrafts. Please contact Joanna Battise at joanna_correll@yahoo.com or 5-4122 for more info! Hours are Monday 12-2 p.m., Tuesday and Thursday 5-7 p.m., and Wednesday and Friday 9-11 a.m.

FMWR is exploring the possibility of selling lumber out of the Hobby Shop and would like community feedback. Please go to the FMWR Facebook page at www.facebook.com/usagkafmwr and click on the survey link to complete a five-question survey. Your feedback is appreciated.

UXO REMINDER

PUBLIC NOTICE

Remember the three Rs of UXO: Recognize an item as possible Unexploded Ordnance. Retreat from the area of the UXO. Report suspected UXO immediately by notifying EOD (5-1433) or CPS (5-4445).

Provide the following information: Location (building #, GPS, landmarks, etc); Size (compared to common items - football, scuba cylinder, etc). Treat UXO like you would treat dangerous sea creatures. Look but do not touch. For a detailed refresher, please attend the Island Orientation Briefing on the fourth Wednesday of every month.
