CONSTRUCTION NOTICE

FY21 KWAJALEIN ARMY FAMILY HOUSING CONSTRUCTION

Nan, Inc. construction company, has begun mobilization and preliminary activities for the upcoming telecommunication construction works for the FY21 Kwajalein Army Family Housing project as highlighted on the attached map.

Nan, Inc. will excavate trenches to lay new telecom routes along Lagoon Road. Sections of Lagoon Road (see attached map marked in red) will be full closed to vehicular traffic on July 22 to October 23, 2024 . Detours will be clearly marked to guide traffic around the construction zone.

Nan, Inc. will secure the area with barriers, safety signage and road plates. Traffic control personnel will be on-site to manage the flow of traffic and ensure safety for both workers and the public. For inquiries, please contact the project team at 480-2548. Nan, Inc. appreciates the support and cooperation of the community for this transformative construction project.

Mahalo,
Nan, Inc.

2023 Drinking Water Quality Report

Contact Environmental at 480-0722 for information.

The 2023 Water Quality Report is now available to all USAKA residents with important information about drinking water at USAG-KA.

Available at Kwajalein and Roi-Namur:

The Department of the Navy INVITES YOU TO PARTICIPATE in the Public Involvement Process for the Navy Conventional Prompt Strike Weapon System Flight Tests EA/OEA

The U.S. Department of the Navy (Navy) has prepared a Draft Environmental Assessment/Overseas Environmental Assessment (EA/OEA) to evaluate the potential environmental impacts of conducting missile flight tests in both Atlantic and Pacific Ocean regions. Testing would involve flight tests from sea-based launch locations, vehicle flight over the ocean, splashdown of boosters in the ocean, and payload impact either in broad ocean areas or on land at a U.S. Army test site at Kwajalein Atoll in the Republic of the Marshall Islands.

Public Involvement Opportunity

The Navy welcomes your review and comments on the Draft EA/OEA.

Comments may be submitted online at
<https://www.nepa.navy.mil/CPSSea-Based>

or by mail to:

Environmental Program Manager/SP2521
Strategic Systems Programs
1250 10th Street SE, Bldg. 200, Suite 3600
Washington Navy Yard, DC 20374-5127

All comments must be submitted online or postmarked by July 3, 2024.

The Draft EA/OEA is available online at <https://www.nepa.navy.mil/CPSSea-Based> or at the following public libraries: Norfolk's Slover Memorial Main Library, Virginia; Cape Canaveral Public Library, Florida; Jacksonville Public Library, Florida; City of San Diego Central Library, California; Oxnard Downtown Main Library, California; Kitsap Regional Library-Poulsbo, Washington; Seattle Public Central Library, Washington; Anchorage Public Library, Alaska; Hawai'i State Library-Honolulu, Kwajalein Island's Grace Sherwood Library, and Roi-Namur Library, Republic of the Marshall Islands.

U.S. ARMY PHOTOS (HISTORICAL ARCHIVES)

A LOOK BACK TROPICAL STORM ALBERTO 1994

HOURLASS REPORT

By Sharon Watkins Lang, USASMDC Command Historian

Thirty years ago, in July 1994, the then U.S. Army Space and Strategic Defense Command was actively providing support to the Federal Emergency Management Agency and the Alabama and Florida National Guards as they addressed emergency needs caused by Tropical Storm Alberto as it slowly traveled across Florida, Alabama and Georgia for a week leaving 10-27 inches of rain and extensive flooding across the southeastern United States. At the request of the Director of Military Support in Washington D.C., three teams from the Battle Lab's Engineering and Systems Directorate were organized to assure that maps used by FEMA and the National Guard were accurate and reflected the most current data given constantly changing conditions. On a daily basis, they created maps depicting the areas impacted by the flooding, indicating among other data road and bridge closures and weather conditions. Rodger Qualls and Carolyn Jones traveled to D.C. to coordinate with FEMA, while Curtis Miller and his team traveled to the Montgomery Alabama Command Post and Vairy Kennedy and her team provided support to the Florida Guard. This natural disaster is but one instance in which missile defense technology was transferred to support emergency management efforts eventually producing the specific products such as the TEAM or Tactical Emergency Asset Management van.

Introducing Kwajalein Yard of the Month Challenge!

Housing & Billeting
invite you to join, in the
Yard of the Month
Competition!

Winners will be awarded a
Signed Certificate by
CSM Miller, and Monthly
Bragging Rights in the form
of a Decorative Wooden
Yard Sign.

Criteria is as follows:

LAWN

Grass shall be mowed and edged.
Grass around foundations and fences shall be trimmed.
Debris shall be picked up and removed
(sidewalks, driveways, curbs etc.)

Landscape & Flowers

Beds weeded and edged
Beautification efforts including
new flowers, new trees, new shrubs, etc.

AESTHETICS:

Originality/creativity
(any special touches of the owner
(yard art, bird feeders, etc.)

So, get those Green
Thumbs ready, Enjoy the
competition, and show
us how it's done!

Handling waves and currents: How to stay safe in the water

EXTERNAL REPORT

By National Oceanic and Atmospheric Administration (NOAA)

Know before you go

Have fun, but be aware of rip currents and other water-related hazards. One of the best ways to improve your odds of a safe day at the beach is to visit beaches that are protected by lifeguards. Lifeguards will post flags noting which water hazards are present in the area each day. Make sure you and your family know how to avoid danger and look for changing conditions. Keep small children in sight and within arm's reach at all times.

Staying safe at the beach starts with you. Knowing the dangers of rip currents and other beach and water-related hazards could save your life. NWS provides informative articles, graphics and videos on the web, as well as in-person rip current safety information at many beach locations throughout the country.

Break the grip of the rip

NOAA predicts an above-normal 2024 Atlantic hurricane season. Hurricanes and tropical storms can cause rip currents and increase dangers along the

beach. Whether tropical cyclones are close to the coast or many hundreds of miles away, never assume the ocean is safe—rip currents can occur in all kinds of weather.

If you see someone caught in a rip current:

Carefully assess the situation and get help from a lifeguard. If no lifeguard is available, call 9-1-1.

Advise the person to follow the shoreline and if possible, throw the person something that floats.

Never enter the water yourself without a floatation device in effort to save someone else. Many people have died trying to rescue someone caught in a rip current.

Ride the wave or play it safe?

Rip currents aren't the only life-threatening water hazards at the beach—waves can be just as dangerous.

Our Play It Safe videos share the dangers of wave action and rip currents, particularly along Gulf Coast Beaches and Great Lakes shorelines...

Two New Nations Join Program to Provide SATCOM Support to NATO

EXTERNAL REPORT

By C. Todd Lopez, Department of Defense News

Beginning next year, Spain and Luxembourg will join four other NATO nations that provide satellite communications services to the North Atlantic Treaty Organization as part of a satellite services project that began in 2020.

Earlier this month, leaders of the oversight agencies in the six countries met just outside of Washington, D.C., to review the satellite services already being provided by the project, called NATO SATCOM Services 6th Generation, or NSS6G. During their meeting, they also assessed the current performance of those services and any ongoing challenges.

During these sessions, representatives of NATO's Communications and Information Agency and the six nations agreed on the final text of the amendment to the memorandum of understanding, which provides the framework via which satellite communications services are provided to NATO.

The proposed amendment is crafted to enable Luxembourg and Spain to join the U.S., France, Italy and the U.K. as the

providers of military satellite communications to NATO.

Beginning in 2005, NATO ceased acquiring and operating its own satellites, some of which had been based on designs from the early 1970s. Instead, NATO opted to turn to member states France, Italy and the U.K. to provide NATO forces with the satellite communications they needed while conducting operations. In 2020, the U.S. joined the existing team.

U.S. DEPARTMENT OF DEFENSE PHOTO

EARN YOUR TEAM KWAJ TAB

PUBLIC NOTICE

1. Attend Col. Morgan's TEAM KWAJ brief (either Teammate or Community version), read and adhere to the TEAM KWAJ Teammate Pact, presented at initial town halls, and periodically thereafter.
2. Attend the Island Newcomer's Briefing.
3. Attend at least one group greeting at air terminal for personnel arriving on island. Make them feel welcome and show them we are happy they are on Kwaj with us.
4. Attend at least two garrison after-hours team-building or social events (TEAM KWAJ Happy Hour, Commander's Call, Hail/Farewell).
5. Attend at least two TEAM KWAJ PT/Wellness sessions. Become a regular attendee!
6. Visit Marshallese Cultural Center in last 3 months prior to tab award.
7. Visit Ebeye, Third island or Majuro in last 3 months prior to tab, use a Marshallese phrase or two and visit a store/restaurant.
8. Tell three co-workers how to earn the TEAM KWAJ tab.

9. Swim, snorkel, boat or paddle on the lagoon at least once with a teammate.

10. Complete the TEAM KWAJ Circle-island 6-mile ruck march/walk/bike and read all historic battlefield markers. This is an organized USAG-KA hosted event several times per year.

11. Mission Partner wild card event—discuss with your supervisor any additional organizational requirement. Could be knowledge-based, achievement-based, or physical challenge.

12. Final event, "Board of Review" -- meet with Col. Morgan face-to-face individually or in a small group with all requirements fulfilled. Schedule with garrison front office. Discussion items may include but are not limited to; TEAM KWAJ pact - "Healthy Community of Excellence," Kwaj history, Marshallese culture, military/strategic missions and their significance, and future operational potential.

Once you have the first 11 items completed, contact Terri Wilson at 480-4322 or at terri.l.wilson20.civ@army.mil to set up a date/time with the commander for the final event.

MWR Fitness Schedule

Tuesday

5:30 a.m.: Free Spin
9:15 a.m.: Step + Strength
5:30 p.m.: Water Aerobics*
6:00 p.m.: TRX + Pilates Core

Wednesday

9:15 a.m.: Barre Fusion
4:45 p.m.: Power Express
5:30 p.m.: Yoga

Thursday

5:30 a.m.: Free Spin
6:00 a.m.: Yoga Flow*
11:30 a.m.: TRX + Pilates Core
5:30 pm: Step + Strength

Friday

9:15 a.m.: Barre Fusion
5:30 p.m.: Power Hour

Saturday

5:30 a.m.: Free Spin
9:15 a.m.: Water Aerobics*

Location

*Yoga Flow and Water Aerobics are held at the Adult Pool. All other classes held in CRC 7.

Purchase your MWR fitness pass at the library front desk. For more information, please call MWR at 480-3331.

Check out more news and entertainment about Kwaj life on the USAG-KA YouTube Channel, at <https://www.youtube.com/USArmyGarrisonKwajaleinAtoll>.

COMMUNITY CLASSIFIEDS

Submit Announcements to the Roller Channel and The Kwajalein Hourglass

OPEN CALL FOR ANNOUNCEMENTS
The island community is invited to submit listings for jobs, events and for sale items; announcements; department trainings; safety updates; public service messages; and thank-you messages.

Preparing Your Message

For questions about your messaging, please reach out to the USAG-KA Public Affairs Office at 480-4848.

Ads should always include a point of contact, phone number and/or email address.

Private parties, fundraisers and events requesting and/or accepting donations are typically not allowed for publication per AR 360-1. Fundraisers and support activities for private and schools-based organizations, scouting groups, civic clubs and other listings may be subject to a legal counsel review to determine their eligibility for publication.

Formatting Your Listings

It is recommended that graphical advertisements

and announcements intended for the Hourglass and the AFN Roller Channel be formatted as PowerPoint slides.

Graphic designers are asked to maintain a generous margin (.75-1-inch) around all sides and to size fonts no smaller than pt. 20.

If your Roller Channel advertisement requires a special expiration date, please note this for the Roller team in the body of your message.

Deadlines for Submissions

Send advertisements for the Kwajalein Hourglass and the AFN Roller Channel to kwajaleinhourglass@gov2x.com on Wednesdays by close of business/Thursday morning.

Roller Channel ads are accepted on a rolling basis by 4 p.m. for a mid-week and late-week update. Ads received after 4 p.m. will be loaded in the next update. Please ensure you submit ads in good time to ensure timely upload.

For more information, reach out to the USAG-KA Command team through the USAG-KA Facebook page.

HELP WANTED

To apply for government employment opportunities on U.S. Army Garrison-Kwajalein Atoll and worldwide, visit usajobs.gov.

Arkel International is hiring. Send CVs and resume to christopher.fuents@arkel.com and jasper.gomez@arkel.com. Visit Arkel online at <http://arkel.com>. Call 480-1006 for more information.

Administrative Assistant. USAG-KA CYS seeks a fulltime administrative assistant for on-island hire. Applicants should have a high school diploma/GED and two years' demonstrated experience in administration or secretarial work, an undergraduate degree in business or a related field, or a related trade school professional certificate. Experience in child or youth programs is highly desirable. All required background checks must be completed and maintained. A health assessment is also required. Please visit: careers.vectrus.com, REQ: 37777.

Atmospheric Science Technology, LLC, has an immediate opening for a meteorologist. This full-time, salaried position is located on Kwajalein. Eligible applicants will have a master's or bachelor's degree in meteorology/a related field, with two years of forecasting experience. Experience in Doppler or dual-polarized weather radar or satellite interpretation is preferred. To apply or learn more, contact Dottie Thomas, director of human resources, at dottiethomas@n8tivesynergy.com; call (256) 836-5316 direct and visit <https://recruiting.paylocity.com/recruiting/jobs/Details/2337159/Atmospheric-Science-Technology-LLC/Meteorologist-Kwajalein-Island>.

Baru Lead Teacher. USAG-KA Child and Youth Services has a full-time job opening for a Lead Teacher. This position supervises children aged 6 months to 3 years old during indoor/outdoor activities, special events and instructional time; develops and provides individual and group lessons using CYS curriculum; and requires a health assessment and successful completion

Contact the USAG-KA Sexual Harassment/ Assault Response and Prevention Victim Advocate

of a background check. Apply online at www.careers.vectrus.com. (Req. 38064)

Chenega Global Protection is accepting applications from qualified candidates for its full-time Dispatcher (Kwaj) and Security Officer (Kwaj & Roi) positions. Visit <https://www.chenega.com> to submit applications. To navigate the site: Select "Careers," scroll down and in type Kwajalein in the "Location" fillable field; and select the "Search" icon to be directed to the job postings and to apply. For more information, contact Chenega Human Resources at 480-4451.

Environmental Health & Safety Manager. KFS LLC is accepting resumes for a Health and Safety Manager to support an upcoming Environmental Project on Kwajalein. Visit <https://honoservices.jobs.net/en-US/job/health-and-safety-manager/J3N1RL6KDG9RWPTYQDF> for additional information, including the full job description, qualifications, and resume submission instructions.

Kikaha Solutions 30th Signal Battalion Network Enterprise Center, U.S. Army Garrison-Kwajalein Atoll is now partnered with Kikaha Solutions. Please visit www.kikahasolutions.com for more information and to submit applications. To navigate the site, click on "Careers," scroll down, and click on "search opportunities and apply." Enter job code 11326 and select search.

Nan, Inc. seeks a project engineer, welder, welding inspector, quality control manager, and site safety and health officer. To apply, visit www.nanhawaii.com and contact Clint Ueatari at 480-2632, 480-4995 or 480-4996.

Parsons is accepting applications for the following positions: HVAC and Mechanical Equipment Installer, Fire Sprinkler Foreman, plumber journeyman, office clerk, heavy equipment operator, quality control technicians, concrete finishers, general labor, pipefitter- plumber, and carpenter. Please visit the Parsons Website at <https://www.parsons.com/careers/>, or send your resume to Kwaj.Resumes@Parsons.com, or you can visit your local Parsons office on Kwajalein Atoll, MH. For more information contact Parsons Human Resources at 480-4042.

RGNext, LLC seeks qualified candidates to fill open positions on Kwaj and Roi in engineering, technical, and other areas. To apply, visit rgnext.com.

Substitute Teachers Wanted. Kwajalein School System is now hiring substitute teachers. Qualifications: 4-year degree; confidentiality; love of working with children; favorable status for CNACI (will receive background check after accepting offer). Send resumes to uhrenp@kwajaleinschools.org. For more information call 480-3601.

V2X Jobs. V2X has several opportunities for on-island hires: Harbor Controller I (35649), Logistics Analyst (32717), Inventory Associate (35067), and Bartender (32355). Apply online at www.careers.vectrus.com or stop by the HR office in building 700.

ANNOUNCEMENTS

AFH Construction Is Ongoing. Nan, Inc. Construction is scheduled to commence the telecommunication scope of work for the FY21 Kwajalein Army Family Housing project in our community from February – September 2024. Residents and commuters should be aware of possible changes in traffic patterns and to plan their routes accordingly. Nan, Inc. Construction is committed to minimizing any inconveniences, and we will strive to ensure a smooth and efficient construction process.

ArMA. Log in to ArMa, the Army Maintenance Application, to report issues for all buildings maintained by the Department of Public Works. Contact Public Works at 480-3550.

CAC Office. Before your visit to the Common Access Card Office, ensure all paperwork is completed by your human resources representative before making an appointment. Bring two forms of government-issued IDs with you. Walk-in appointments are welcome, but there may be a wait. CAC Office Hours, Bldg. 835, are Tuesday – Saturday, 8 a.m. – 4 p.m.; (Lunch: noon - 1 p.m.). Call 480-8496.

Cart Rentals has a new phone number: 480-3439. The old number has been disconnected and is no longer in service.

Demolition at the Capt. Louis S. Zamperini Dining Facility. Phase three of the Zamperini DFAC demo has begun and is projected to be finished March 2026 for the dining and serving area. Be careful around the dining facility during the phases.

Do Not Take Cultural Artifacts. It is illegal to remove cultural resources from the atoll. This includes any protected species, unexploded ordnance, WWII-era artifacts and ancient Mar-

Monthly tip from the USAG-KA Fire Prevention Office

Fire Extinguishers

YOU are required to inspect each fire extinguisher in your areas of operation on a monthly basis (every 30 to 31 days).

CHECK FOR THE FOLLOWING:

- I. Properly mounted in its assigned location.
- II. Immediately accessible (unobstructed) and visible.
- III. Tamper Seal and Safety Pin is in place and nozzle is free off obstructions.
- IV. Pressure Gauge in the “**GREEN**” to indicate it’s charged; and cylinder in good shape.
- V. After inspection, initial off on the extinguisher tag for that month.

Contact the Public Works Service Desk at 480-3550 if any above steps require attention.

Fire Safety Tips. Some pets are chewers. Watch pets to make sure they don't chew through electrical cords. Pets are curious. They may bump into, turn on, or knock over cooking equipment. Keep pets away from stoves and countertops. Make sure pets are included in your family's fire evacuation plan. Build an evacuation kit for each pet in your household.

Flights. Please note that all flights are subject to change. For the latest update on your flights on United, ATI or Air Marshall Islands: ATI: 480-2169; AMI: 480-3469; United: 480-4852 or 1-800-UNITED1; Air Terminal Services: 480-2660; Flight Information Recording: 480-3589

UA Schedule Effective Now: Monday and Friday—UA 155 (HNL); Check-in 2 – 4:50 p.m.; Wednesday—UA 133 (HNL); Check-in 2 – 4:15 p.m.; Tuesday and Saturday—UA 154 (GUM); Check-in 10:45 – 11:15 a.m.

FlyRoi Reservations. To schedule reservations and for correspondence related to flights, email LCVKwajaleinFlyRoi@versar.com.

How to dress in the RMI. Out of respect for the Marshallese culture, residents are asked to dress appropriately when visiting Ebeye, Third Island, or anywhere within Kwajalein Atoll.

Women should wear clothing to cover shoulders and knees. None are permitted to wear shorts when visiting churches on Ebeye. Men should wear long slacks to church.

Kikaha is the new NEC contractor. Submit a ticket by calling 480-3000, Option 1.

Kwaj Small Boat Marina hours are 7:30 a.m. – 6 p.m. Friday through Monday, and on holidays, excluding Thanksgiving and Christmas. Morning boat reservation times are from 7:30 a.m. – noon. Afternoon boat reservations are from 1 – 5 p.m.

Not Feeling Well? Call 480-2223 to make an appointment for a COVID-19 test, Tuesday through Saturday from 7:30 a.m. – 4:30 p.m. If you are not feeling well, please wear a mask when you are around others in the community.

Operational Security. See something, say something. All employees on USAG-KA are required to receive annual Threat Awareness and Reporting Program training provided by KRO; Reporting: Report suspicious activities to the Kwajalein Resident Office at 480-9859/1293/8006 at Bldg. 1163.

PCS & Vacation Tips. Notify the post office before leaving for 30 days or PCS'ing. Per DOD 4525.6-M, mail is only allowed to be held for 30 days with or without prior notice. Mail is considered unclaimed on day 31 and will be returned to the sender. Email the post office to authorize pick up for your mail and packages. When PCS'ing, provide a forwarding address. Contact James Smith with questions at 480-3461 and james.e.smith2295@army.mil.

Salon Walk-Ins. Surfside Salon Walk-In Appointments are available on Fridays from 1:30 - 6 p.m.

Smoking. USAG-KA, smoking is permitted in designated smoking areas only. Smoking and cigarette butt receptacles must be at least 50 feet from the entrance of facilities.

Taxi Service. Call 480-TAXI (8294) or 3341 to book your ride at least 24 hours in advance of check-in time.

Upcoming Changes to Entry/Exit Procedures. Beginning June 1, please send all access requests to USAG-KA Entry and Exit at U.S. Army Bucholz AAF ID-Pacific Mailbox USAG-KA E-E: usarmy.bucholz.id-pacific.mbx.usag0ka-e-e@army.mil. The current inbox of U.S. Army Bucholz AAF 311 Sig Cmd Mailbox USAG PMO will be monitored for 30 days after the initial changeover to ensure a smooth transition. Your patience is appreciated during this transition period.

E-wareness: Stormwater Pollution Prevention

Stormwater discharges are a significant source of pollutants. Stormwater can become polluted as it flows over contaminated surfaces. This leads to contamination of lagoon waters and potential damage to corals and other marine species.

What can you do?

- Good housekeeping
- Preventive maintenance on vehicles and equipment
- Maintain spill prevention and quick response supplies
- Preserve sediment erosion control
- Manage storm water runoff
- Employee training

For more information on stormwater pollution prevention or training opportunities, contact Vectrus Environmental at 480-1134.

WEEKLY TROPICAL WEATHER THREAT OUTLOOK

RTS WEATHER STATION STAFF

Discussion:

Weak ITCZ activity will bring a few showers to Kwajalein and perhaps a stray thunderstorm today into midday Friday. Saturday looks to be fairly stable, before showers begin to rebuild late Saturday night. The upcoming week-end into next week could be pretty unsettled as the ITCZ strengthens; periods of showers, heavy at times, along with the potential for a few thunderstorms and strong winds gusts, can be expected. Winds will be mostly moder-

ate from the ENE, veering at times to the ESE; late Monday into Tuesday could be especially breezy with prevailing speeds at times near 20 knots possible. Rainfall over the next 7 days is expected to be near to above normal; normal weekly rainfall this time of year is approximately 2.2 inches.

Tropical Cyclones:

None for Kwajalein, Guam, Hawaii, and Wake Island over the next 7 days.

Swell / Tide Inundation

Risk for Kwajalein Atoll and Wake Island:

Risk remains low over the next 7 days.

Tides:

Next Spring tides will be with the 21 July Full moon; daily peak tides will exceed 4 feet from 20 to 26 July.

Purpose: This weekly briefing is delivered Thursday mornings to island leadership. The intention of this briefing is to provide situational awareness of weather events that may interrupt op-

erations and transportation around Kwajalein, to/from Hawaii and Guam, and in the Wake vicinity. The main threat assessed in this brief is existing and potential development of tropical cyclone activity. This brief also provides an outlook of abnormal winds, sea state, and precipitation guidance for next 7 days around the Kwajalein Atoll. The distribution list will also receive updates on any developing tropical cyclone activity in the Kwajalein region that occur between the weekly outlook product.

WEATHER

RTS WEATHER STATION STAFF

WEATHER DISCUSSION

Kwajalein Atoll may see a relatively quiet conclusion to the work week, but a more turbulent pattern has begun to build near the Marshall Islands and will likely reach Kwajalein Atoll over the weekend. Saturday will continue to experience a dry trade wind pattern as a result of the influence of high pressure over the area. Dry, sinking air in the upper atmosphere will keep shower activity low and thunderstorm chances negligible. Winds will be moderate to fresh with speeds in the middle to upper teens, occasionally gusting even outside of showers. However, the Intertropical Convergence Zone (ITCZ) has become more well-defined to the south of the RMI, and it will begin intruding into

the region by the overnight period on Saturday. A wave of showery weather may then be expected on Sunday, bringing a chance for showers throughout the day. Thunderstorm chances will be slightly elevated as well due to cool mid-level temperatures which will increase the potential for lightning generation. Fresh winds in the upper teens could also accompany this trade wind wave, and winds will generally be easterly as the wave crosses the atoll. In the evening, wind speeds may see a slight decrease and a shift to the southeast as this wave begins to move downstream of the atoll. On Monday, another ITCZ-driven weather wave will pass through the atoll, but this wave could align with a Tropical Upper Tropospheric Trough (TUTT) to cause a further increase in shower and thunderstorm chances. Diverging upper-level winds

supplied by this TUTT will increase the potential for deep convection, and the risks for periods of heavy rain, strong gusts, and lightning strikes will all be elevated as a result. Winds will shift easterly once again as the wave crosses the area, and surface wind speeds will generally remain in the middle teens outside of passing showers.

SATURDAY

Partly sunny with stray to isolated showers. Winds NE-E at 13-18 knots with occasional higher gusts, especially near any showers.

SUNDAY

Mostly cloudy to cloudy with scattered showers and stray to isolated thunderstorms. Winds ENE-ESE at 15-20 knots, becoming E-SE at 11-16 knots in the evening. Strong wind gusts will be possible near showers.

MONDAY

Cloudy with scattered to numerous showers and a few thunderstorms. Winds ENE-ESE at 11-16 knots with strong wind gusts possible near showers.

NEXT WEEK

Shower activity and thunderstorm chances may see a decrease on Tuesday as the upper-level feature exits the area, causing convective support to become less favorable. Nevertheless, Kwajalein Atoll may still expect a chance for rain on Tuesday as the ITCZ could remain close to the region, maintaining the unsettled weather pattern. Additional trade wind waves may cross the atoll throughout the week, so next week's weather pattern may remain fairly wet overall.
